CAPITALIST WRECKS HOME

NEARLY KILLS FAMILY

RIDDLES WALLS WITH BULLETS

SAN FRANCISCO, Sept. 25.—After he had riddled the interior of his residence at 1373 Fulton Street with bullets, William H. Hildebrant, a capitalist, was arrested today by a squad from the Park Police station, who had been called out on a riot call. The police were compelled to batter down the door of Hildebrant's residence before they could capture him. He was found to be armed with a rifle and the members of his family had taken refuge in various portions of the house. Hildebrant told the police he had fired the shots in celebration of his nephew's birthday.

HEARST IN THE LEAD

TAMMANY IS FOR THE EDITOR

Leader Murphy Says That Plenty of Hearst Sentiment Is Found in the Organization.

DISTRICT ATTORNEY JEROME OF NEW YORK.
Of New York, who today refused to allow his name to go before the Democratic Convention for the nomination of Governor.

The contest for the nomination for Governor was narrowed during the morning by the practical withdrawal of District Attorney William T. Jerome of New York.

BUFFALO, N. Y., Sept. 25.—District Attorney Jerome's candidacy for Governor was practically withdrawn today at an adjourned meeting of the so-called Albany conference of anti-Hearst Democrats.

At the meeting, which was attended by representatives from about twenty-five counties, it was decided that the delegates opposed to the nomination of William R. Hearst should concentrate on either Judge Gaynor or Mayor Adam as expediency may require.

THERE IS DANGER.

At the conference Thomas M. Osborne, former mayor of Auburn, said a critical condition confronted the Democratic party and there was danger that "the emblems and traditions which we all love are to be turned over to the Independence League."

"It is," he continued, "the sense of the majority of those present that we should concentrate on some candidate who can be voted for by all self-respecting Democrats, and who may possibly defeat this unholy alliance."

Mr. Jerome, John N. Carlisle of Watertown, secretary of the Democratic State Convention, and Former Mayor Osborne were ap-

BUFFALO, N. R., Sept. 25.—In a session lasting only twenty-four minutes, the Democratic State Convention today effected a temporary organization and cleared the way for its actual work, beginning at 11 o'clock tomorrow forenoon. The executive committee program was adopted and Lewis Nixon, a former chief of Tammany Hall, was elected temporary chairman. His ten-minute speech was devoted in the main to an accusation against the Republican State administration of misuse of $101,000,000 appropriated for reconstruction of the State canals and of betrayal of labor and closed with an appeal for harmony which, he predicted, would insure victory at the approaching elections, and lead to the overthrow of the Republican domination in national affairs.

BERKELEY MAN ACCIDENTALLY SHOOTS SELF

ROY HACKLEY.

Roy Hackley, Athlete, Badly Wounded in the Leg.

BERKELEY, Sept. 25.—Roy Hackley, one of the most prominent track athletes that ever graduated from the University of California, now assistant forester in the Klamath reserve, accidentally shot himself while in company with four others near Redding yesterday, two miles from the Bonanza mine, in Trinity county. His pistol was discharged while he was removing it from the scabbard, and the ball went through the right leg, fracturing the bone. His companions improvised a litter and carried him nine miles to Trinity Center, where he was given temporary relief. He is now on his way to Berkeley by train.

Hackley captained the University of California track team that some years ago won honors in the East. Besides holding a degree from California, Hackley is a graduate of the Harvard forestry school.

HE LOST A FORTUNE

ARTHUR E. MAGILL IS ROBBED

Falls Into the Hands of Bunco Men in Chicago and Parts With Property Valued at $100,000.

Arthur E. Magill, aged 30 years, a well known resident of Oakland, is now in New York, practically stranded, having been robbed of his fortune by a band of bunko men. In order to try to save the young man from utter financial ruin his friends here have taken up the matter and will endeavor to have the swindling operations of the Eastern men exposed in the Superior Court in this county.

FOR A GUARDIAN.

Late yesterday afternoon A. L. McPherson applied to the Superior Court to be appointed guardian of the person and estate of Magill on the ground that he is incompetent. The matter will come up for hearing before Judge Harris.

Mr. McPherson's interest in the case is purely a friendly one. Arthur Magill and his brother Percy were raised by Mr. McPherson and his wife, and the latter have always taken a deep interest in the affairs of the boys. It is now up to Mr. McPherson to try and save the young man from financial ruin and get him from under the influence of the Eastern bunko sharps.

Young Magill was left a fortune of $100,000 by his father when the latter died some years ago. He made several good investments. Among his properties were the apartment flats at the corner of Thirteenth and Castro streets, valued at $60,000. These flats have been deeded, it is alleged, to bunko men for a mere song. The deed has been placed on record. A man named Probst is said to have been the steerer for Magill and led him into the path of financial ruin.

HE WENT EAST.

Some months ago Mr. Magill went East and stopped for a time in Chicago, where he met, if reports are true, a bunch of swindlers, who got Mr. Magill's confidence and began to lay schemes at once to divest Mr. Magill of his entire fortune. They then insisted that Mr. Magill should go on to New York and make his headquarters at that city, which he soon after did, and upon his arrival there, it dawned on him that he had been swindled by the Chicago crowd.

From there he appealed to A. L. McPherson for assistance to untangle the affair which he had been gotten into. Because of the fact that Mr. Magill had always made his home with Mr. McPherson and had depended largely upon him in many ways, Mr. McPherson has endeavored to take steps, if possible, to set aside all the unlawful transactions that Mr. Magill has gotten into.

Mr. Magill not being qualified to cope with the class of people he undoubtedly met with, has been tied up by unlawful means, and has been robbed of most of his property.

CLIFT IN EAST.

Frederick C. Clift, who was visiting in Philadelphia, has gone on to New York to help Mr. Magill in his trouble.

Arthur Magill is particularly well known in Oakland. He is a fine pianist, and acted as accompanist for Richard Jose, the tenor singer, when he gave a concert in this city recently. He has a wide circle of friends who are greatly interested in his case. These friends say there is no doubt as to his incompetency and they believe a guardian for him will be appointed at once.

UNITED STATES MUST USE FORCE TO BRING PEACE TO CUBANS DECLARE TAFT AND BACON

HAVANA, Sept. 25, 1:30 p. m.—Secretary Taft and Assistant Secretary of State Bacon informed the Associated Press this afternoon that they were thoroughly disgusted with the petty methods of the government leaders here and the American commissioners admitted that they had practically abandoned hope of bringing peace from the turmoil unless by the use of force. Mr. Taft said:

"The government officials, instead of co-operating with the United States to save the republic, have resorted to every kind of obstruction with the object of continuing their control of the administration.

"President Palma and his advisers have rejected terms of peace which were honorable to them, though in the for mof a compromise with the opponents. We are still striving to arrange a settlement and we trust the American people will give us credit for doing everything possible to accomplish a settlement without resorting to force.

"I cannot say that we are hopeful, for I have never known a more disgusting situation. Investigation convinces us that the elections were thoroughly rotten. We do not want to intervene, but the conditions effected may necessitate it. Our reports show that the insurgent commanders have lost control of their forces, which are now lawless bandits that any moment may loot and burn. The situation seems to demand the use of force."

ONE MAN INJURED BY BEER

Probably George H. Brown, an Australian teamster living at 1475 Twenty-second avenue can load a gun beter than a wagon for he met with a painful accident this morning while loading a beer barrel on his truck. The huge cask slipped from his grasp and rolled on his right hand crushing two of his fingers. He walked to the Receiving hospital where Dr. Irwin dressed his wounds.

MILITIA MAKES RAID ON NEGROES, SECURING SCORES OF PRISONERS AND KILLING AND WOUNDING A NUMBER

ATLANTA, Ga., Sept. 25.—Following the killing late last night of Policeman Heard and the serious wounding of three other members of the county police, Colonel Clifford Anderson, commanding the State militia, decided on a raid of the settlement known as Brownville, in the southern part of the city, where the shooting occurred. Brownville is the home of about 1500 negroes.

With four companies of militia, about forty-five of the county police force and the Governor's Horse Guards, the place was surrounded about 5 o'clock this morning. Two hundred and fifty-seven negroes were placed under arrest and a search was begun for arms and ammunition.

One of the first to be arrested was J. L. Price, the negro postmaster who is charged with supplying ammunition to negroes. It is asserted that none of those arrested was a student or connected with Clark University.

Three negroes, wounded in the fight with the county police early in the night, were found dead later. They were tracked by bloodhounds into the woods where their bodies were [illegible]

LADIES ARE HIS ACCUSERS

Third Trial of Edwin L. Moody, Laundryman, Now in Progress.

The third trial of Edwin L. Moody, the owner of an "overall" laundry in East Oakland, and who is accused of maintaining a nuisance by conducting the laundry, was commenced this morning in Police Judge Smith's court, and several hours were taken up in securing a jury.

The charge against Moody is made by several of his women neighbors, who claim that their nerves are racked by the noises made by the machinery in the laundry and that the curtains and washing in their homes is ruined by the soot from the chimney of the laundry.

The usual large number of ladies appeared in court this morning, as they did at the former trials, when the jury disagreed in both cases.

HURRY ORDERS.

ANNAPOLIS, Md., Sept. 25.—Hurry orders were received at the Naval Academy marine barracks from Washington this afternoon.

NOT TO NOMINATE.

BIRMINGHAM, Ala., Sept. 25.—The Republican State executive committee at a meeting here today decided not to nominate a State ticket this year.

SPENT SIX CENTS; THEN BADLY BEATEN

PATTERSON, Sept. 25.—The expenditure of 6 cents for household necessities without her husband's approval may cost Mrs. William Leonard her life. She is now in a hospital in a precarious condition, and her husband is under arrest charged with beating her with an ax handle.

According to the story told to the police by Leonard's 10-year-old son, Leonard became furious yesterday when he missed 6 cents which he had left in the house. When Mrs. Leonard admitted that she had spent the money, the boy says, his father attacked her as she stood with a month-old baby in her arms. He felled her with the ax-handle and kicked her as she lay on the floor.

Neighbors called the police, and the injured woman was removed to a hospital.

PAJAMA CLAD HE FLEES FROM NURSE TO STREET

CHESTER, Pa., Sept. 25.—Jumping from a second-story window of the J. Lewis Crozer Homeopathic Hospital late last night, Thomas Smiley of 125 Jeffery street, a fever patient, walked several miles dressed only in his pajamas.

He created a sensation when he appeared on Edgmont avenue in his scant attire. Smiley was admitted to the hospital yesterday afternoon, suffering with pneumonia. He had delirious periods, but it was not deemed necessary to take unusual precautions to keep him in bed.

Leaving her patient for a few minutes, the nurse went to another part of the hospital building and when she returned found him missing. It required a two-hour search to locate the man.

He was brought back to the hospital in the ambulance. It is feared that his exposure will result seriously.

STREET SWEEPER CAUGHT BY RUNAWAY

TRENTON, Sept. 25. — Antonio Frazonio, a street sweeper, who was working with his broom, was struck by a wagon attached to a runaway horse that came dashing along. With his broom and barrow he was tightly wedged in between the shafts and the axle.

Frazonio held on, and the excited crowds in endeavoring to stop the animal only excited it more. After running two miles the horse was brought to a standstill and, by using a crowbar, the man was released. He was not injured. The barrow and broom were also carried the entire route without damage.

MISSING GIRL MERELY ELOPES

SURINGFIELD, Mass., Sept. 25.—Miss Grace Davis, whose mysterious disappearance from her home on August 23 has alarmed her friends, eloped with George Payton and is now living in Worcester, according to a statement made today by Mrs. Charles Davis, the girl's mother. Mrs. Davis denies that her daughter has gone upon the stage. Payton is said to be a brother of Corse Payton, and the stage story presumably had its origin in this circumstance.

PRIEST TO VISIT HALL AND CENSURE DANCERS

SCRATNTON, Sept. 25—Believing that the weekly dances being held in Jermyn are destroying the morals of the young men and women of his parish, Father Healey, of the Sacred Heart Church of that place, will visit the dance halls and censure those of his parishioners he may find in attendance.

"They are improperly conducted," he said, "and if the parents of the children won't keep them away, I will."

NON-PARTISANSHIP IS THE ISSUE OF THE HOUR

UNITED STATES SENATOR PERKINS.

Senator Perkins Gives a Lively Political Interview to a Southern Paper.

> I congratulate Los Angeles upon its non-partisan movement. The success of that issue will place your city in the forefront of great American municipalities.

>
> My one ambition is to have it said of me that I strove to act honestly and to have done something to uplift humanity in some measure.
>
> UNITED STATES SENATOR GEORGE C. PERKINS.

Among those who preach direct primaries and the doing away of party lines in city affairs is United States Senator George C. Perkins, one of the stanchest of Republican leaders of California since the early days. Senator Perkins was Governor of the State from 1879 to 1883 and has served as Senator almost fourteen years.

During a chat in his Oakland office a few days ago, the Senator voluntarily entered into the subject of non-partisanship. He said that he recognized the advantages of the movement and warmly congratulated the business men of Los Angeles upon taking the important step. He continued:

"As Governor and as Senator I have at all times been a steadfast and constant Republican, but in purely local affairs I have always made it a point to vote for the best man regardless of his political affiliations. In civic matters it is men, not issues, that should dictate our policies.

"Careful distrimination—non-partisanship, if you please—in the matter of local parties is, to my mind, almost a religious duty. It would be a great blessing if earnest business men of other cities in this State were to profit by the example of your business men who have taken up the work of cleansing the city politically. Los Angeles has great possibilities in its present struggle for clean government.

"I have been an earnest advocate of direct primaries many years. It is the one avenue of escape from political corruption. It is the inevitable trend of political thought and is the only means by which corrupt political convention methods may be thwarted. I was elated to learn that the Republican convention at Santa Cruz inserted a direct-primary plank in its platform. It was the best thing the party has done for years.

"I was one of the first in the State to advocate direct primaries. I made it a study of years and believed I foresaw the many possibilities involved.

"Such topics as these often have caused me to ask, 'What is man's object in the political world?' Is it revenue or the good will of his fellowmen? If the object merely was money I should regard politics as an abomination. I believe that men in political life should strive to win the respect and confidence of the people and to do something to make political conditions better and life purer for having lived in this world.

"My one ambition is to have it said of me that I strove throughout my career in public life, to act honestly, to have treated my brothers squarely and to have done something to uplift humanity in some measure."

FINDS SKELETON IN BAY HOLDING BARROW

TACOMA, Sept. 25.—F. Clark, the diver recovering the concentrates lost a month ago by the collapse of a dock at the Tacoma smelter, has found a skeleton of a man at the bottom of the bay holding to the handles of a wheelbarrow.

Several years ago an Italian, while wheeling slag away from the smelter furnaces, disappeared with his wheelbarrow and the remains are thought to be his. Fruitless search was made for him at the time.

The skeleton will be brought to the surface and given burial. A tangle of weeds has held the bones together with the help of the wheelbarrow.

AGED WOMAN DIES BY HER OWN HAND

SEATTLE, Sept. 25.—Mrs. J. Bergstrand committed suicide in her room at 419 Fifth avenue yesterday afternoon by hanging herself to a closet door. Before hanging herself the woman had made an attempt to kill herself with chloroform and had cut her left wrist.

Mrs. Bergstrand had been at the house for about three weeks. She came here from Colorado. She had no friends in this city. Her income was small and she did odd bits of work for neighbors.

Mrs. Bergstrand had expected her daughter Florence here from Juneau, but the young woman did not arrive. A son lives at Nome, where he is engaged in the jewelry business. The woman was about 65 years of age.

Deputy Coroner Arnold made an investigation of the case with City Detectives Hubbard and Adams and Special Officer Clark. The body was removed to the Bonney-Watson undertaking establishment.

MURDERS FOR NICKEL; GETS TWENTY YEARS

LANCASTER, Sept. 25.—After an hour's deliberation the jury in the case of John Waters, charged with killing a companion, Stephen Green, in a quarrel over 5 cents, the spoils of a game of craps, today found him guilty of second-degree murder.

Waters swore that he fired the pistol shot in self-defense, as Green was armed and had several times threatened to take his life. Waters was sentenced to twenty years' imprisonment. As the sentence was pronounced he smiled pleasantly at the Judge.

IN HOW MANY PLAYS CAN YOU BEAT THIS?

PORT JARVIS, Sept. 25.—Chas. M. Spach, custom-house inspector, and Frank R. Smith, Government electrician, both of New York City, guests of the Willow Beach House, Parker's Glen, were fishing yesterday. Spach caught a seven-pound pickerel and Smith a five-pound black bass.

Arrived at the hotel, Mr. Spach discovered that he had lost his valuable watch fob and offered $25 for its return. When the fish were cleaned the lost watch fob was found in the stomach of the bass caught by Smith, who thinks Spach should pay him the reward offered.

HIS SPEECH WAS APPLAUDED

Governor Odell, After Preliminary Business, Makes Speech Which Causes Shouting.

SARATOGA, Sept. 25.—Ex-Governor B. B. Odell, chairman of the State committee, called the Republican convention to order at 12:20 o'clock. After some preliminary business, the committee on temporary organization submitted its report, naming Representative Michael E. Driscoll of Syracuse for temporary chairman. The report was adopted and Mr. Driscoll took the chair.

Mr. Driscoll's speech was frequently interrupted by applause. His mention of President Roosevelt brought the convention to its feet, shouting, cheering and waving hats and handkerchiefs.

The cheers were dying out when the New York county delegation leaped to its feet and wound up the applause with three ringing cheers.

CHARLES E. CURDTS' FUNERAL TOMORROW

The funeral of the late Charles E. Curdts, father-in-law of Coroner M. B. Mehrmann and Prosecuting Attorney Abe P. Leach, is to be held tomorrow afternoon from the residence of Dr. Mehrmann at Brockhurst and Grove streets. The funeral is to be private and the remains of the deceased will be incinerated.

CHEST OF TOOLS STOLEN.

E. C McAdam of 217 Tenth street has reported to the police that a chest of tools was stolen yesterday from the basement of the Central Bank building. The tools were left there over night and the next morning they were gone.

SENTENCED TO PRISON.

Rosie Alameda, twenty years of age, who was arrested a few days ago in West Oakland on a charge of vagrancy, it being claimed that she was leading a dissolute life, was sentenced to three months in the City Prison by Police Judge Smith this morning.

ATHLETIC GIRL WINS SIX MILE SWIM

NEW YORK, Sept. 25.—Spurred by challenges and dares, Miss Correen Violett, the eighteen-year-old daughter of Atwood Violett, rich stock broker, who lives at Pelham Manor, defeated Dennison Hatch Jr., yesterday in a match swimming race from the Westchester Country Club to Great Neck, L. I. Both swimmers finished strong, Miss Violett being slightly in the lead.

The distance of six miles was covered in two hours and a quarter, and considering the strong current at this point the time is good.

The two started at 10 o'clock this morning, followed by the club launch, which kept in striking distance. Both swimmers kept close together, the lead interchanging. When they neared the Long Island shore it was evident that Miss Violett would win, as, with a long, slow stroke she kept drawing away from Mr. Hatch, who struggled heroically.

FEARLESS LION TAMER BITTEN BY BEAST

SUFFOLK, Sept. 25.—While doing her act in the side show at Robinson's circus this afternoon, Leah Aimee, "the lady lion trainer," was almost killed by one of the lions, which jumped on her and succeeded in biting her on the arm and back, and tearing the flesh in several parts of the body.

She probably would have been killed had not a cavalryman connected with the circus pulled his pistol and shot the beast, severely wounding him. The actress was taken to the circus hospital where surgical attention was rendered.

The Overworked, "Think Tank" of the Office Boy

Sometime I honestly think I blow too much and that timid people will come to think I am a regular blowhard. But when you ride in a Heeseman band wagon for a few years or months you catch that feeling that you want a top seat right near the feller that blows the bass horn. You want to beat the drum, clash the cymbals and tag after the wagon. Gee, this is a store for enthusiasm, (wonder if that word is spelled the old or new way) and for doing things. That big Boss of mine thinks of some improvement and says to the Little Boss—"Dave, what do you think about it?" and the Little Boss folds up his arms, looks at the Big Boss right in the eye and says: "Why Charlie, that's great; now let's get busy and do it. Let's do it"—and then it's done. The Annex was opened that way only the case of Little and Big Boss was reversed—the Berkeley store was enlarged that way and other improvements in and around the store are going to be done in the same way. Three men met in the street yesterday and all three of 'em had their hats speak to one another. They found out that they all came out of the same box—and the price on the box was $3.50 and backed up by a Heeseman guarantee. COUNCIL OF OAKLAND FIXES TAX RATE $1.28

This Is Amount Recommended by City Auditor Breed in the Estimate Furnished.

The tax rate of the City of Oakland was fixed at $1.28 last night by the City Council. This is the amount which was recommended by City Auditor Breed in the estimate which he furnished the Council, showing the needs of the various departments during the fiscal year 1906-1907.

The tax rate as fixed provides for the twenty-five extra policemen, which the committee of the whole of the Council recommended should be allowed, at its meeting last Thursday night, at which time Auditor Breed's estimates were considered. Chief of Police Wilson stated at that time that it would be absolutely necessary for him to have more men in order to cope with the situation which confronts this city, a tenderloin increased tenfold, and the Chinatown which was formerly located in San Francisco. Two of the twenty-five men will be appointed detectives.

During the next few weeks it is believed that a considerable change in the police department will be found necessary. Detective George Kyte and Policeman Murcell have signified their intention to resign. Kyte is to go into the saloon business and Murcell is to run for the office of Justice of the Peace during the coming election.

The tax rate as fixed last night provides for an additional $.022 increase in the school fund, as well as taking away the burden of paying for new streets about the schools from the School Department. Superintendent of Schools McClymonds asked for these concessions last Thursday night, stating that he believed the new situation of having a large increase in pupils could be met with this amount.

The members of the Council went into executive session before the meeting last night and conferred for over two hours. The ordinance fixing the tax rate at $1.28, whereas it was $1.26 last year, and apportioning this amount to the different funds, was read for the first time, the rules were suspended and the measure was passed to print.

The following apportionments to the different funds were made:

General fund, $.07; salary, $.0925; fire, $.195; police, $.14; street, $.2225; sewer, $.025; park, $.01; fire and police telegraph, $.02; school, $.07; library, $.035; street light, $.115; fireman's relief and pension, $.005; high school, $.11; bond interest, $.01; bond redemption, $.01; school building bond interest fund, $.02; school building bond redemption, $.04; park and boulevard, $.09.

MANY ARE FOUND IN FAVOR OF HEARST

Leader Murphy Says That There Is Plenty of Support for the Great Editor.

(Continued from Page One.)

pointed a committee to go among the delegates and ascertain the sentiment and report at a meeting to be held tonight.

JEROME SILENT.

Mr. Jerome would make no statement after the meeting. He stated that it was generally understood during the past few days that this object in entering the race was for the purpose of defeating the nomination of Hearst. Any combination that could accomplish this would be satisfactory to him.

Representative Sulzer claims he has 141 voters outside of Greater New York who will stick to him throughout. He says that even if he does not get the New York county votes but obtains those of Kings and Queens he will have a total of 237 or 11 more than necessary.

MURPHY FRIENDLY.

Mr. Sulzer said the only assurance he has from Charles F. Murphy is that some time between the close of today's session of the convention and the session tomorrow a Tammany conference will be held, "and Mr. Murphy is very friendly to me," he added.

He also asserts that Jerome, McClellan and Adam are working for him as the one man who can beat Hearst.

TO NOMINATE HEARST.

It has been arranged that when the time comes for a call of the delegates for nomination for governor, Assemblyman W. V. Cook, of Albany, the first delegate on the list, will address the convention, placing Mr. Hearst in nomination.

The Tammany hall delegation, which is generally regarded as holding the balance of power, has not as yet held a caucus, though it has been the custom to do so the night previous to the convention.

POINT FOR HEARST.

The selection of Lewis Nixon as temporary chairman was the first Tammany victory, and also is regarded as a point gained for Hearst.

Mr. Nixon is close to leader Charles F. Murphy of Tammany hall, and was sent to the convention as a delegate from Mr. Murphy's own district.

Mr. Murphy's only comment on the situation in Tammany has been that he found "plenty of Hearst sentiment" in the organization.

As to the chances of the other candidates he has remained silent.

SPLENDID HORSE HAS ENDED RACES

Big Bearcatcher No. 2 is dead and several of the officials of the city are weeping as a consequence. The departed one is an old war horse, which has seen many days along the firing line. He passed away Sunday morning after an eventful life of thirty years.

Steward Gimmell, city sanitary inspector, is one of the chief mourners. Stewart has related reminiscences for an hour at a time about the manner in which Bearcatcher used to haul himself and several of his friends to the hunting grounds.

A successor to the noble old Bearcatcher is now being sought for by Gimmel, as well as Police Judge Mortimer Smith, who had also enjoyed a ride frequently behind the old horse.

LOCAL OFFICE TO BE CLOSED

Internal Revenue Branch to be Discontinued Unless Funds Are Forthcoming.

John C. Lynch, Collector of Internal Revenue of San Francisco, has received a communication from the Commissioner of Internal Revenue at Washington, D. C., notifying him that the Oakland Internal revenue office would be discontinued on December 31, 1906, unless proper showing could be made for the further continuance of that office.

The taxpayers of Oakland are now drawing up a petition to send to the Commissioner of Internal Revenue, protesting against the discontinuance of the office after December, but, as to whether or not the office will be continued will depend altogether upon these same taxpayers.

Owing to the increased number of wholesale liquor dealers, cigar manufacturers and special taxpayers, it would be most inconvenient for Oakland to be without a revenue office.

HIS DEFENSE WIL COMMENCE TOMORROW

The further preliminary examination of Robert Ash, the San Francisco attorney, who is charged with feloniously conspiring to obtain money by false pretenses, will take place tomorrow morning in Police Judge Samuels' court.

R. C. Elliott, a broker of Seattle, who admits that he conspired with Ash to secure funds by passing bogus checks, was on the stand yesterday and related the transactions whereby he claims, he, with the assistance of Ash, passed bad checks on Osgood Bros., Hale Bros., and William Cluff & Co., of this city.

FIVE HUNDRED GIRLS ON STRIKE

PAWTUCKET, R. I., Sept. 25.—Five hundred girl twisters at the thread mills of the J. & P. Coats Company struck today for a ten-per-cent raise in wages. The back boys struck a week ago, making the same demand. A shut-down of the plant, employing 2500 hands, is considered probable.

FINDS $20,000; RECEIVES $5 REWARD

PORT CHESTER, Sept. 25.—Does honesty pay? This is the question which the employes of the New York, New Haven and Hartford Railroad deliberated over yesterday. After having heard the experience of William Fenlon, an employe at Port Chester, the majority have their doubts.

While Fenlon was attending to his duties one day last week he found a cigar box lying on the station platform at Port Chester and, picking it up, took it into the baggage-room and opened it. His discovery shocked him. The box was packed with $100 bills. Fenlon kept his discovery a secret, and about an hour later a well-dressed unknown woman rushed into the baggage-room and asked him if he had seen a cigar-box package.

"What did it contain?" asked Fenlon.

The woman, who was so excited that she could hardly talk, answered, "Twenty thousand dollars."

Fenlon put his hand under the counter and taking hold of the boxful of money handed it to the woman. Too nervous to give her name or even thank him, the woman rushed out and boarded a train for New York.

According to the story, the unknown woman was taking the money to her husband in New York, but dropped it. She discovered her loss at Rye and alighting from the train drove back to Port Chester.

Fenlon received an anonymous letter yesterday morning containing a crisp $5 bill and thanking him for his honesty.

DEMOCRATS IN BUFFALO, N. Y.

May Put Off Convention to Tomorrow to Adopt Platform and Name Candidates.

BUFFALO, N. Y., Sept. 25.—Late conferences following the meeting last night of the Democratic State committee did not deter delegates to today's State convention from appearing early in the hotel lobbies and at the headquarters of the various candidates. The action of the State committee last night in referring all contests to the convention meets with general approval and will facilitate the work of organization for the work before the convention, which will begin at noon in what was formerly the armory of the Seventy-fourth regiment, New York National Guard, and which has a seating capacity of about 4000 after providing for the 450 delegates and their alternates.

The permanent organization of the convention may not be reached until Wednesday. There is apparently a disposition to put over the serious work of the convention until tomorrow, when it is planned to adopt the platform and name the candidates.

Three of the five leading candidates for governor, William R. Hearst, W. T. Jerome and William Sulzer, are from New York county; a fourth, Justice W. J. Gaynor, is from Kings county, and the fifth, J. N. Adams, is the mayor of this city. Others are talked of in the event of a deadlock, which is regarded as not improbable.

JEWELRY RECOVERED.

ALAMEDA, Sept. 25.—The police have recovered the jewels, consisting of a watch and two silver teaspoons, stolen from the residence of E. Blanquie, who resides at 1721 Sherman street. The jewelry was stolen from the house on Sunday afternoon by some small boys. Officer Wahmuth recovered the lost articles.

CAUSES ARREST OF EMPLOYE

Dispute Over Wages Results in Trial in the Police Court.

A dispute over wages is said to have been the cause of a mix-up yesterday between Frank Olert, an employe of the Oakland Gas Engine Works, located on Twenty-third avenue, East Oakland, and Antone Summ, the manager of the concern.

Olert was arrested on a charge of battery, preferred by Summ, who claimed that he had been badly beaten by his employe. Summ's face showed evidence of being struck by something.

The accused appeared before Police Judge Samuel this morning and asked to be allowed to retain a lawyer before pleading. Olert is a foreigner and told the court that he did not understand the difference between being tried by the judge or a jury. His case went over until September 27.

TRIAL OF HASSE STILL CONTINUES

Magnifying glasses are playing an important part in the trial of Otto L. Hasse, which is now nearly the beginning of the end. Deputy District Attorney W. H. L. Hynes began the opening argument for the people yesterday afternoon and he passed several glasses among the jurors in order that they might examine minutely the erasures which the prosecution claims were made with intent to defraud the county.

ONE MORE FIGHTER DEAD

Jack McKenzie Dies From Effects of Blow Over the Jaw.

PORTLAND, Me., Sept. 25.—Terry Martin of Philadelphia and the officials connected with the sparring exhition at the Auditorium last night, in the midst of which Jack McKenzie of Philadelphia died, gave bail today for their appearance in court tomorrow on the charge of manslaughter.

Physicians think that McKenzie died from the effects of a blow over the heart. A post mortem examination and coroner's inquest will be held tomorrow.

PIPE BURSTS AND SCALDS FIVE MEN

ALLENTOWN, Pa., Sept. Five engineers in the valley mill of the Atlas Cement Company, at Coplay, were seriously scalded this afternoon by the bursting of a four-inch steam pipe in the engine room.

The injured men are Isaac Jackson, Frank Zerfass and Harvey Ziegenfoss of Coplay, and Oswin Herb and Robert Moyer of Northampton. The room was so suddenly filled with live steam that the men were overcome before they could escape.

All were terribly burned and were brought to the Allentown hospital.

OBJECT TO CAGING NEGRO WITH MONKEY

NEW YORK, Sept. 25—Storm of protest has been stirred up over the action of the New York Zoo authorities in exhibiting Ota Benga, an African pigmy, in the monkey cage every afternoon. The colored Baptist Ministers' association has appointed a committee of clergymen to investigate.

The Rev. G. H. Gordon, spokesman of the committee, said today:

"We intend to ask the mayor to put a stop to this disgraceful exhibition. If he refuses, we will call an indignation meeting of all the members of our race in this city to make a protest."

YOUNG GIRL WEDS HER RESCUER

DENVER, Col., Sept. 24.—Miss Maude Edith White came to Colorado five years ago from Vermillion Grove, Ill., to spend her vacation. One day she took a pleasure trip into the mountains and was lost for some time. Thoroughly terrified the girl hurried along in the increasing dusk, stumbling down ravines and canyons and over high hills. At last she sat down on a rock forlorn and miserable.

Her cries for assistance reached the ears of a Denver University student, who offered to pilot her back to the city. The chance meeting five years ago resulted in the marriage of the young people this week. The happy bridegroom is Arthur Gaines Lewis.

ELDERS WANT PROBE PASTOR'S ACCOUNTS

PITTSBURG, Pa., Sept. 25.—Elders Porter Phipps, A. J. Clendenning and Dr. J. H. Wright of the Second Presbyterian church have demanded of the Pittsburg Presbytery that the financial affairs of the Rev. Edward S. Young be investigated.

They charged he was arrogant and expended the money of the church without orders from the elders and showed the church was in debt, one debt being $880, to Tali Morgan, the chorus leader. Presbytery decided to hold the matter over until the October session.

TWO "WIDOWS" CLAIM PUBLISHER'S ESTATE

BRIDGEPORT, Conn., Sept. 25.—legal tangle has arisen over the estate of Louis Cassier, magazine owner and editor, who was killed July 2 in a railroad wreck at Salisbury, England.

Two women lay claim to having been the legal wife of Mr. Cassier by common-law marriage, and each has put in a claim for a share of the estate.

Astonishing revelations regarding the life led by the publisher were made yesterday before Judge Noble in the Probate Court. Details of his twice introducing a woman as his wife were told by David H. Greenhood, of Boston, who represents the first alleged Mrs. Cassier. He said there was a third Mrs. Cassier, living in sumptuous apartments rented by Cassier in London, England.

As told by Greenhood, Cassier, when 20 years old, placed a betrothal ring upon the finger of Gertrude Spooner, an 18-year-old American girl of gentle breeding and substantial resources. This marriage was not widely known, and, the lawyer said, was nothing more than a common-law ceremony. They lived together for twelve years.

Then Cassier, finding another woman, abandoned his first love, who had been deserted by her own family, and she was soon reduced to dire poverty and recently had taken in washing to support herself in Scituate, Mass.

Cassier several years afterward met Agnes Nichols, of the village of Nichols, town of Trumbull, Greenwood said, and introduced her to friends as his wife. They lived in luxury in Trumbull. She was generally accepted as Mrs. Cassier, and after he died comment was caused by her absence from the funeral and her failure to take steps toward probating his will.

WIFE DID NOT KILL HUSBAND

Strychnine Poison Was Administered Through Mistake of Druggist.

CHICAGO, Sept. 25.—A dispatch to the Tribune from Knoxville, Tenn., says:

Mrs. Clara J. Mahaffey, widow of J. G. Mahaffey, yesterday retained counsel to defend her of the charge of murdering her husband five weeks ago. Dr. G. C. Childress, a chemist, completed a chemical analysis of Mahaffey's stomach and said he found strychnine.

The investigation was ordered by J. W. Mahaffey, father of the deceased after consulting with attorneys. Mahaffey's body was disinterred by Drs. Hill and Kyle. They were present at Mahaffey's death and stated that his widow is innocent and the victim of a mistake of a druggist.

The box containing the medicine given Mahaffey thirty minutes before his death is marked "calomel and rhubard." The capsules contain instead crystallized strychnine. Counsel for the State will attempt to prove that Mrs. Hahaffey killed her husband to get his insurance. They say she tried to get more insurance two weeks before his death.

TAKEN INTO CUSTODY.

ALAMEDA, Sept. 25.—J. A. Christensen, who gives his residence as 775 Seventh street, in Oakland, was taken into custody in this city last night on a charge of failure to provide for his wife and two children, who reside on College avenue. Christensen was released on his own recognizance and is to be in court tomorrow.

PIONEER DAY IN COLORADO

Visitors Throng to Colorado Springs to Participate in Big Celebration.

COLORADO SPRINGS, Colo., Sept. 25.—Pioneer Day, the second in the Pike centennial celebration week, opened as auspiciously as did the week itself. With early dawn the streets took on a most animated appearance, the trains of last night and the early morning adding materially to the vast throng of outsiders who have come to participate in the celebration.

The day had been set aside by the committee of arrangements for the glorification of the efforts and achievements of the early pioneer, the man who blazed the trails and belonged to the vanguard of civilization that has made the great American desert the land of milk and honey, whose dawn today is witnessing. The influx of pioneers from Colorado and neighboring States made a gathering of those interested persons that never before has been equaled in this section of the country. The formal exercises were conducted in the open air, their meeting being held at Stratton Park, at the entrance to the famous Cheyenne Canyon at 11:30 this morning. The speakers at this meeting were General Frank Hall, one time secretary of Jefferson Territory, and Judge Wilbur of the Supreme Court of Denver.

Owing to the fact that it was seen early that the grand opera house would accommodate only a small part of the crowd that desired to hear the address of Vice-President Fairbanks, the meeting was made an open-air one instead. The Vice-President spoke from the bandstand in Acaira Park, and his address was listened to attentively by fully 10,000 persons. He was introduced by Congressman Frank E. Brooks, to whose efforts was due in large degree the federal participation in the present celebration, and seldom has a speaker received such an ovation in this city as was acccorded Mr. Fairbanks today.

EXPLODING BOTTLE INJURES FRANKEN

J. Franken, a beer-bottler employed at the Rainier Bottling Works, First and Franklin streets, was struck over the right eye by a piece of glass from an exploding bottle yesterday afternoon and was forced to go to the Receiving Hospital for treatment. Dr. Koford stitched the wound.

THE WAY OUT

Change of Food Brought Success and Happiness.

An ambitious but delicate girl, after failing to go through school on account of nervousness and hysteria, found in Grape-Nuts the only thing that seemed to build her up and furnish her the peace of health.

"From infancy," she says, "I have not been strong. Being ambitious to learn at any cost I finally got to the high school, but soon had to abandon my studies on account of nervous prostration and hysteria.

"My food did not agree with me, I grew thin and despondent. I could not enjoy the simplest social affair for I suffered constantly from nervousness in spite of all sorts of medicines.

"This wretched condition continued until I was twenty-five, when I became interested in the letters of those who had cases like mine and who were being cured by Grape-Nuts.

"I had little faith but procured a box and after the first dish I experienced a peculiar satisfied feeling that I had never gained from any ordinary food. I slept and rested better that night and in a few days began to grow stronger.

"I had a new feeling of peace and restfulness. In a few weeks, to my great joy, the headaches and nervousness left me and life became bright and hopeful. I resumed my studies and later taught ten months with ease—of course using Grape-Nuts every day. It is now four years since I began to use Grape-Nuts, and I am the mistress of a happy home and the old weakness has never returned." Name given by Postum Co., Battle Creek, Mich.

BERKELEY MAIDEN ENGAGED TO WED A SENIOR STUDENT

MISS HAZEL KNOWLES.

Miss Hazel Knowles Is to Marry John Marshall, One of the Leaders at the University.

BERKELEY, Sept. 25.—An engagement of unusual interest to town and college society is that of Miss Hazel Knowles, the daughter of Mr. and Mrs. W. E. Knowles, of 2521 Durant avenue, to John Marshall, a senior student at the State University, which was recently announced at a dinner given at Marshall's fraternity house, the Phi Kappa Psi.

Marshall, whose home is in Michigan, is an assistant in chemistry at the university and graduates this year.

Miss Knowles is a student at Snell's seminary and is also in her last year. She is an accomplished musician, having been a student of Professor Mansfield of San Francisco. The wedding will probably not take place for a year.

NEEDS A REST, GOES TO JAIL

This Man Wanted Two Days, But Court Fixed Upon Three.

"Three days in the city prison by consent of the defendant" was the sentence imposed on Henry Brown, a negro, by Police Judge Samuels this morning. Brown was arrested on a charge of drunkenness last night and pleaded guilty this morning.

Brown was arrested Sunday night on a similar charge and was allowed to go yesterday by Judge Samuels. When he appeared in court this morning he told the Judge that he was suffering from rheumatism and needed about two days' rest.

"We'll make it three," quoth the Court, and Brown assented.

BRAVE GIRL SAVES SIX FROM FLAMES

PHILADELPHIA, Sept. 25.—Prompt action and courage of seven-year-old Lucy Wait prevented a serious fire and probably saved six lives in a crowded tenement house at 407 Carpenter street.

The little heroine was returning from a trip to a store for pencils, paper and a slate, for the opening of school, when she smelled smoke. Running upstairs to her parents' rooms, on the third floor, she found the top hall ablaze. The door leading into the apartments of her uncle, Joseph Welsh, where Welsh, his wife and four small children live, had already caught from the flames in the hall, but the occupants of the room were still sleeping.

"Uncle!" the little girl screamed, "the house is on fire!"

Welsh, aroused by the child's screams, awakened his wife, and they bore their four children in their arms through the blazing doorway. Then Welsh returned to throw the flaming oil stove, which had caused the fire, from the window.

By this time the whole house had been aroused, and the stairways were choked with panic-stricken inmates trying to escape. Some of the men, however, were cool enough to form a bucket brigade, and the flames were extinguished before the arrival of the fire department.

Welsh and his wife were badly burned on the face and arms.

STAKES FORTUNE TO SAVE DOG'S LIFE

CHICAGO, Sept. 24.—Money is being waged against poverty in a legal contest for a dog's life. The defendant, a man, has staked his fortune of $30,000 to preserve the dog's life. The woman plaintiff has dedicated "her remaining days" to her vow that the pet shall die.

This begins a notable dog day contention. It is a contest of a Civil War colonel against the wife of a working man, of an enraged neighborhood against a bachelor. The secondary figures are a seven-year-old fox terrier, known as Bessie, and Irene Poole, who numbers eight summers.

Colonel H. T. Morton of 2966 Indiana avenue, owns the dog and considerable property in Indiana and Michigan avenues, besides receiving, it is said, a pension from the government. Mrs. Lulu Poole of 2978 Indiana avenue is the mother of the child.

Early in July the dog bit the girl while she was playing in the back yard of Colonel Morton's residence. Two physicians finally saved her life after heroic efforts. The doctors declared the dog should be killed. Colonel Morton refused to hear their entreaties, and Mrs. Poole took the matter to court.

Three decisions have been given in the woman's favor, and thrice the police have sworn the dog must die. The dog yet lives—just where, the police have given up.

EXPORTS EXCEL IMPORT VALUES

Report From Department of Agriculture Show Some Big Figures.

WASHINGTON, Sept. 25.—Although the imports of farm products were larger in 1905 than in any year since 1890, says a report of the department of agriculture on exports of farm and forest products, the value of the exports excelled that of the imports by more tha none-half and there was a balance of trade of $285,000,000 in favor of the farm products. The report adds:

Durin gthe last sixteen years the balance of trade for all products was $5,092,000,000,000, while the balance of trade for farm products was $5,635,000,000,000 in 1905, the balance of trade in favor of farm products was the lowest since 1898, due to a falling off in the grain trade and to the increase in the quantities and in the average import price of certain articles imported in large amounts, as sugar, wool, hides, and skins and coffee.

GIRL DIES BUT MAN IS AFRAID

HOUSTON, Tex., Sept. 24.—W. S. Baxter, a prominent planter near Archer, and his wife were to leave with their daughter Pearl, aged 20, for St. Louis today on an extended Northern tour, after which the girl was to be placed in a seminary. This was in order to break up her love affair, to which her parents objected. Pearl pleaded with her parents, saying she preferred death to separation from her fiance, but at length she seemed to give in and assisted in arrangements for their departure.

She eluded the vigilance of the family for a few minutes last night, and met her sweetheart in a cane patch near the house. It was there arranged that they should die together. Miss Baxter remained awake throughout the night, and at 4 o'clock left her room, going to the clandestine meeting. Her sweetheart was there, and produced two two-ounce bottles of carbolic acid. It was agreed that they should drink at the same time and die in each other's arms.

After the good-byes both raised the bottles to their mouths, but he tarried and watched her swallow the poison. The agonies of death spreading over her face unnerved him, and throwing away his bottle, he hastily retreated. The parents of Miss Baxter found their daughter dead an hour later.

BOY RUNS OFF FROM DIVORCED MOTHER

MILLVILLE, N. J., Sept. 24.—"I'll die before I'll go back and work for her," said Dean Campbell, the 5-year-old son of Mary Newcomb, who obtained a divorce from her husband, John Campbell, on the grounds of cruelty.

In granting the divorce Chancellor Magie restored to the wife her maiden name and gave her the custody of the five children. She sent to Dividing Creek, to the home of her former husband, for the boy. When the boy refused to go to his mother an officer was sent to fetch him. The lad escaped to the oyster fleet in Delaware Bay, and has not been apprehended.

ARE DESERTING MARE ISLAND

Commandant Appeals to General Elliott to Assist in Returning Marines.

WASHINGTON, Sept. 25.—Marines have been deserting the barracks on Mare Island, California, at a rate which made it necessary for Brigadier-General G. F. Elliott, commanding the Marine Corps, to detail a second lieutenant and several experienced enlisted men as a squad whose sole duty it is to search San Francisco for deserters from the Marine Corps.

So great has been the demand for laborers in San Francisco that representatives of labor agencies have been visiting Mare Island, urging the marines to desert the service and engage in work in San Francisco, where able-bodied men are paid as high as $5 a day for wheeling bricks and mortar and doing other work necessary to clear the city of debris.

Appeals by the marine corps to the San Francisco police were futile. The policemen refused to arrest marines who deserted the service and engaged in work in San Francisco.

Finally the situation became so desperate that the commandant at Mare Island appealed to General Elliott for assistance and he authorized the creation of the squad, which is patrolling the city and picking up marine deserters.

FEARS ROBBERS; GETS IN JAIL

Man Becomes Intoxicated, Is Placed Under Arrest, Police Find Revolver.

Because he feared that he would be held up on his way from his lodge in San Francisco to his home in this city, William Moffman carried an ugly looking six-shooter. En route to his home he became intoxicated and was placed under arrest when he arrived here. At the police station the revolver was found in his pocket and an additional charge of carrying concealed weapons was placed against hihm.

This morning Moffman appeared before Police Judge Samuels and his head was not quite clear as to the events which had happened the night before. Judge Samuels saw the man's condition and failed to see the perlinency of the prisoner's story. Moffman was fined $5 for carrying the pistol and judgment was suspended o nthe drunk charge.

IN SEWER SIX WEEKS; HOG GAINS 75 POUNDS

BALTIMORE, Sept. 24.—After living for six weeks in a sewer, a fat and greasy hog was rescued this afternoon by employes of the City Water Department.

It was August 3 that, with fifty others, the hog was being driven to a slaughter-house, preparatory to being put on the local meat stands.

In Fremont avenue it broke away from its companions and ran into a sewer. It was generally thought that the hog would die or be killed by sewer rats, but, on the contrary, it thrived, and when taken out today weighed seventy-five pounds more than when it fel in.

TREE SAWED IN TWO TO RELEASE CHILD

MILLVILLE, N. J., Sept. 24.—Ella, the 8-year-old daughter of Mr. and Mrs. Henry Grass, climbed a pear tree today. She slipped, and in falling her leg caught in a limb, the child hanging head downward. Her screams brought help, but despite all efforts, the leg could not be extricated from the tree.

Finally a saw was procured, the tree was sawed in half and the leg released.

The leg of the child had swollen to twice its normal size, and she may be a cripple.

FASTS 15 DAYS; WEIGHS 35 LBS

PASSAIC, N. J., Sept. 25.—Physicians are puzzled by the case of Mrs. Abram Tack, 76 years old, of 63 Linden street, who for fifteen days and nights has been unable to take food or drink.

Early in June Mrs. Tack was troubled with indigestion, and when she recovered refused all diet except bread and milk, insisting that all other foods were poison to her.

She lived on bread and milk until two weeks ago, when she became unable to eat even that simple food or to drink water. She had no symptoms of disease, and continued to do her housework until recently, when she became too weak to stand alone. The doctors are powerless to aid her, and she does not weigh more than thirty-five pounds.

THE BOARD OF EDUCATION MEETS

Additions Are to Be Made to Schools

DIRECTORS FACE DEFICIT IN FUNDS

Report Is Made Relative to the Needs of the Various Institutions in the City of Oakland.

Reconstruction of the Lincoln and Grant schools, on improved building lines, the addition of another room in the Swett school to accommodate fifty pupils, and a discussion of the deficit that will be found in the High School fund, were the principal subjects of import at the Board of Education adjourned meeting last night.

Prior to the regular proceedings an informal talk was held on the advisability of changing the Lincoln school from a class "B" to a class "A" structure.

O. A. Wilson, representing the Central Iron Works, who are the present contractors, stated that it would cost $1000 to estimate the improvement and draw plans for same. The Franklin and Prescott, Washington and Market-street schools also received mention during the discussion, and it is possible that they will be changed from their present class to an "A" structure. It was the general opinion of the directors that the architects should be consulted about the alteration, and the whole matter went over to the next meeting. A bid of $4025 was received for repairs to the Grant school, and it will be checked over next Monday night.

Secretary McClymonds invited the attention of the Board to a deficit ranging from $8000 to $9000 in the High School fund, and Director Redington submitted figures on the expenditures up to the present time. There will also be a deficit in the Common Schools fund, but the exact amount has not yet been ascertained. The secretary attributed the shortage to a decrease of some $65,000,000 in the State assessment. It will take about $8000 more this year than last to run this department. The High School will need $88 065.28 of which sum $76,715 28 is asked from the city taxpayers, which means a rate of .123 per cent on the basis of a $63 000,000 valuation.

ADDITION OF ROOM.

Director Rogers introduced plans for the addition of another room to the present Swett school, said room to accommodate fifty pupils. He also submitted detailed drawings for the removal of the gas stove and sink to a room adjoining.

Total	$10,000

This will require an additional rate to the one above stated of .016 per cent.

COMMON SCHOOLS.

Regarding the estimates made to the Auditor for the Common schools, it is a difficult matter at this time to suggest where any of the items of expense might be cut. The item of "betterments, streets and sewers" of $12,500 has been nearly all spent or contracted for. The item for "buildings, repair of damage by earthquake" of $8,500 has been spent on the work ordered. It is difficult to estimate what will be necessary to expend for temporary buildings, but we think we can get along with an expenditure of $4,000, making a saving of $6,000.

In the item of "moving and fitting up school buildings" we are confident that $500 can be saved on this item. New furniture, a saving of, say, $4,000.

In the matter of salaries you will find below what it will take to run the schools according to the present pay roll, plus $5 000 for new teachers, for next term:

Common schools	$263,364
Common schools, new teachers for last six months of year	5,000
Janitors	17,500
Superintendent	3,312
Superintendent's assistant	2,100
Deputy superintendent	2,012
Stenographer	912
Department mechanic	1,512
Truant officer	612
Evening schools	7,308
Total	$373,632

Or a probable saving of $16,364 on the estimate sent to the auditor.

The total savings to be made on the entire annual estimate are as follows:

Temporary buildings	$ 6,000
Moving buildings	500
New furniture	4,000
Teaching force	16.364
Total	$26,864

ELLEFORDS AT MACDONOUGH

"The Sign of the Four," Conan Doyle's Story, Makes a Great Hit.

The Elleford Company scored last night at the Macdonough one of the greatest hits of its season in the "Sign of the Four," a dramatization of Sir A. Conan Doyle's story of that name. Its hero is the world-famous Sherlock Holmes. The production was a most pretentious one and a better cast could not be desired with reason. Ramsey Wallace played Sherlock Holmes and played it remarkably well, in fact, it was by far the best performance he has given in this city. James Corrigan appeared only in the third act, but he managed to score a tremendous hit as the drunken Mordecai Smith. William A. Abram exactly conveyed the idea of Dr. Watson. Albert Easdale gave a very clever performance of Major Sholto. Rupert Drum should be especially singled out for praise as the wooden-legged convict, Jonathan Small, and Wallace Howe displayed a cat-like ability as Tonga. Agnes Williams Johns was sweet and interesting as Mary Morston. The reappearance of Georgie Woodthorpe evidently pleased the audience greatly, as it extended to her a most flattering reception. As Mrs Sholto she again emphasized the fact that she is an actress of uncommon ability and versatility. Little Ollie Cooper, undoubtedly the cleverest child actress before the public, was Mr. Wiggins of the Baker-street Irregulars. Pauline Maitland was very funny as the middle-aged widow, Mrs. Hudson, and Estelle Warfield was happily cast as Bessie. Helen de Land was very good as Mrs Smith and the remaining parts were well accounted for. "The Sign of the Four" will be the bill all this week, which there is every reason to believe will be one of the most profitable of the Elleford season.

THE NOVELTY.

The performance at the Novelty this week is one that the management may well be proud of, as there is something there to please every one.

Herbet and Vance are a musical team of rare merit and play many popular airs on innumerable instruments, which were well received.

"Von," the human snake, is a revelation in the contortion line and to watch him through his act one would think that he must be boneless to be able to twist himself in the manner he does.

Arthur Rigby, that laughable black-faced comedian, who not long ago threw the Novelty audiences into convulsions of laughter, is playing a return engagement this week and proved beyond a doubt that his stock of laugh-making stunts is unlimited.

Dayton Sisters and Devoy, premier hard-shoe dancers and song artists, took well with the audience and must be seen to be appreciated.

Mason and Kelly present an act termed the "Onion Trust," which is very good.

BELL THEATER.

Pearl Wilkinson, with his first burlesque production at the Bell theater, given yesterday afternoon, proved that he knows how to please an audience. The title of the production was "An Amateur Rehearsal" and the twenty-five men and women in the cast were well placed and showed the result of careful drilling. Bright songs were introduced and two very pretty dancing specialties, the first an umbrella dance, and the second a tambourine dance, added much to the pleasure of the act. The playlet resembled Pygmalion and Galatea, only it was Lot's wife returning from a pillar of salt to life instead of Galatea coming to life from a statue. Best of all the sketch carried a plot that was comprehensible and immensely amusing. It is Wilkinson's first effort in Oakland and proves that much may be expected of him in the future.

"Fontinelle" is the second strong feature at the Bell this week. "Fontinelle" is billed as a mechanical contrivance, but it is a puzzle to know whether it is a machine or a human being with mechanical movements. It is a puzzling act and therefore interesting. The Martins, Dave and Perce, present "In Harvest Time," a playlet of "The Old Homestead" type. It is far superior to the acts generally offered by vaudeville houses and pleased yesterday's audiences immensely. Carter and Thornhill furnish the comic portion of the program with an excellent rapid fire dialogue.

The program also includes two reels of moving pictures, one of which is worthy of particular mention. It portrays the marble industry, taking the marble as it is mined and tracing it through its various stages until it is carved and placed in a building. The scenes are carefully chosen and show much that is instructive.

The bill as a whole is high class, free from all coarseness, withal interesting and pleasing.

IDORA PARK.

Fun reigned supreme at Idora Park last night, not that Victor Herbert's charming music was not one of the great attractions, but "The Idol's Eye" is a genuine comedy opera, and Ferris Hartman fairly reveled in his opportunities as Abel Conn the American aeronaut, and Walter DeLeon's performance of the "Hoot Mon" was fully equal to that of any of his predecessors.

Hope Mayne made her reappearance and was warmly greeted. She had very little singing to do, but acted the role of the jealous nautch girl with all the chic and charm we have grown accustomed to in this bright young artist. Hannah Davis gave a spirited rendition of Maraquita, and Lillie Raymond was a feast for the eyes as Lieutenant Desmond.

The only bit of fine singing for the lady principals was the song by Miss Bernice Holmes in the "Temple of the Idol." She sang it beautifully and she also made a handsome picture in the rich gown of the priestess.

Arthur Cunningham was quite original as a Cuban planter, and Eugene Wiener introduced a ballad which he sang with excellent tonal production and style and received a well merited encore. But what is going to attract the crowds to Idora Park for this show is Ferris Hartman, Walter DeLeon and the wonderful chorus and orchestra—yes a truly wonderful ensemble for a theater of this kind. The volume of tone in this chorus is remarkable and each member sang and acted as if he or she were the star.

The finales and big choral numbers in this work are simply magnificent from a musical standpoint and Steindorff led them in a manner which left nothing to be desired.

The scenery and costumes lived up to the promises of the management, and in every way "The Idol's Eye" is the banner production offered at Idora Park thus far.

MORE BICYCLES ARE REPORTED AS STOLEN

The long list of stolen bicycles was increased by three more yesterday and the police are at a loss as to how to capture the daring thieves, who operate in broad daylight and make good their escape.

J. Heyman of 1911 Filbert street left his bicycle in front of the Union Savings Bank for a few moments, and when he returned the wheel was gone. Carl Dechaw of 603 Tenth street and N. Castro of 1537 Curtis street were also victims of the bicycle purloiner. The latter two left their wheels on Eighth street, between Broadway and Franklin streets, and they were taken.

MILTON KLEIN TALKS ABOUT EASTERN TRIP

Milton Klein, the junior member of the Vogue Tailoring Company of 1020 Washington street, has just returned from the East, where he went ostensibly for the purpose of purchasing a handsome selection of the latest ideas of Fall and Winter patterns. Mr. Klein combined his trip with one of pleasure. When seen this morning by a representative of THE TRIBUNE the young man looked none the worse after his long journey, but to the contrary the sojourn on the other side of the Rockies seems to have been beneficial to him. He said: "Yes, I had a most enjoyable time, but I am very glad to get back to Oakland just the same. I'm like all Oaklanders—there is no place like the city of Athens. People should be thankful to live in such an ideal place as this city. I mean climatic conditions mostly. No wonder people are flocking to California, especially to this section. Why, I wouldn't live away from Oakland if I was given a life pension of large proportions. I met many people who contemplate coming this way to reside permanently."

MILTON KLEIN,

"Outside of the sightseeing in the various places of interest you visited, have you any news to make known to THE TRIBUNE readers?" asked the newspaperman.

"Yes, I have something on tap that will be glad tidings to those who are nobby and careful dressers. I bought an elegant line of fall and winter goods for our large trade, and rest assured, without any exaggeration, we will place before our patrons one of the most extensive and varied selections of imported and domestic clothes ever shown in this city. Four of the six weeks I was absent I devoted to visiting the largest woolen houses in the country, and I spared no expense in securing some handsome and exclusive patterns that will be sure to please particular dressers—the kind our patrons are," remarked Mr. Klein.

"Your business must be increasing at a rapid rate," the scribe ventured to say.

"Yes, it has doubled in the past eight months, and is still forging ahead. We employ the best cutters to be had, men of note, which include such shear celebrites as John Mott, formerly of Detroit, Mich., and of national reputation, and John Nelson, late with Williams, Berg & Co., of San Francisco. We can attribute our success principally to satisfaction in every instance—that includes workmanship, fit and price—and we make it a motto to have our suits ready promptly on the day promised—that pleases our customers also," said Mr. Klein.

The Vogue Tailoring Company is one of Oakland's leading establishments of its kind and the proprietors are Sig. Klein and Milton Klein, two of the most popular young men in this city, who have a legion of friends and acquaintances hereabouts, which in a great measure accounts for the immense patronage enjoyed by this reliable firm. It is the custom of this favorite firm for one of its proprietors to go East twice a year in the interest of the popular concern.

GYPSY WOMAN IS HALE AT 101 YEARS

NEW YORK, Sept. 25.—Mrs. L. Smith, a gypsy, celebrated her one hundred and first birthday in a camp in the outskirts of Atlantic Highlands. She was born in England in a tent, and has passed all her days in the wandering life of her people.

She was married at fifteen, and eight of her nine children are living. She also has numerous grandchildren and great-grandchildren. Five of her sons and a daughter and some of her grand and great-grandchildren live in the same camp. The oldest son is eighty-five years old.

Mrs. Smith has all her teeth, never wore eyeglasses, and up to a year ago could see to sew as well as anyone. Since then she has been gradually losing her sight. She sleeps on a feather bed summer and winter. She attributes her extreme longevity to outdoor life and simple food.

NEGRO CLAIMS HE IS 115 YEARS OLD

Lewis Horton, a negro, of Guilford Col-

WINSTON-SALEM, Sept. 25.—lege, declares he is 115 years old. The old negro visits Winston-Salem occasionally. He is as chirp as a cricket and talks knowingly of things 100 years ago.

Dr. D. N. Dalton of this city has known Lewis for forty years. The doctor well remembers when Lewis worked for his father, and says that the negro even then was an old man, and is sure that he was at least 50.

Fifty years ago he made the dirt fly on the North Carolina railroad between this city and Greensboro.

TODAY'S NEWS FROM PT. RICHMOND

Many Improvements Planned by Santa Fe

BUSINESS TRANSACTED BY TRUSTEES

Up-to-Date Notes and Personals Concerning the People of the Lively City Situated in Contra Costa County.

POINT RICHMOND, Cal., Sept. 25.—The Santa Fe railroad is planning many improvements on their terminals at this place, among which is the building of miles of additional sidetracks. The company is also having plans drawn for the erection of a ten-stall addition to their roundhouse here. This will just double the stabling capacity of the Santa Fe at its terminals at this point.

Louis Adams, proprietor of the Terminal hotel, was yesterday haled into the Recorder's court at the instigation of Stanfield Brothers, proprietors of the Daily Record, on the grounds of maintaining gambling games in the bar room of his hotel in violation of the city ordinance prohibiting the same. The trial was set for Thursday, and it is said that some spicy testimony will be adduced in relation to the proprietor's conduct of the place.

TEAMSTER ARRESTED.

Frank Champion, teamster, was arrested yesterday afternoon on complaint of E. W. Hayden, on an assault and battery charge. Hayden claims that Champion, not content with pummeling him, attacked his wife and severely beat her. Champion pleaded guilty to the charge of assault upon the person of Hayden, and not guilty to the charge of assaulting the latter's spouse. The case will be threshed out in Judge Kennon's court next Friday.

PERSONAL NOTES.

C. W. Brown, a former civil engineer at this place was in town yesterday on a business trip in connection with his property interests at this place. He is now in the employ of the Southern Pacific.

Ernest Dopking, of the Standard Oil clerical force, has returned from a two weeks' vacation trip to Los Angeles and Santa Cruz.

Mr. and Mrs. Frank Critchett left today for a ten days' vacation trip to Napa. The trip will be made in Mr. Critchett's auto.

Mrs. A. H. Leigh, of Sacramento, is having plans drawn by Architect Josslyn for a modern five-room cottage to be erected on upper Scenic road. Plans are also being drawn by this architect for a $3000 residence to be erected on Washington avenue by Ernest Weise.

TRUSTEES' SESSION.

An important session of the Board of Town Trustees was held here last evening. Most noteworthy of their transactions, perhaps, was the passing of a resolution asking for bids for a franchise on Road Twenty-seven for the purpose of building and operating an electric line on that thoroughfare. This is another move on the part of W. C. Rheem, of the East Shore & Suburban Railway, to extend his system here. The road as projected will be built to Point Orient.

GIVEN APPOINTMENT.

H. H. Johnson, City Attorney of Berkeley, was appointed to the same position in Richmond by this session of the board, the local attorney being turned down roundly.

The committee on building purchased two lots located on Fifth street between Macdonough and Nevin, for the fire department of the East Side and thereon will be erected a fire house.

W. W. Freeman was refused a license to sell liquor in the old Soto saloon, on Tenth street, in the Highland tract, on the grounds that he was not a fit dispenser of the hop and that he allowed women to frequent his place.

TREASURY WAS IN GOOD SHAPE

Retail Grocers State Convention Opens Session With Report of Finance Committee.

The Retail Grocers' State convention opened its session this morning at 10:30, with a report from the finance committee. The condition of the treasury was reported as being in a most satisfactory condition, with a surplus on hand from the fiscal year just closed, after payment of all necessary expenses. A moderate deficit was reported, accruing recently; but this will be covered without additional measures.

In answer to a query from H. D. Loveland of San Francisco, State Secretary Connolly stated that the officers of the association were without remuneration.

The question of providing a salary for the State secretary evoked considerable discussion. State Organizer R. H. Powers urged the levying of a per capita tax, to provide the necessary funds. Secretary Connolly said that the difficulty to be combated is the lassitude the various local associations fall into in a few month's time, requiring urgent action on the part of the executive board to secure the annual dues. J. R. Newberry favored individual appropriation, and H. Hauch defended the principle of "indirect taxation," as applied by Minnesota State Grocers' Association, where a rebate of two cents per barrel is secured from the jobbers. This rebate, which is in effect a violation of the state laws, is applied to the running account of the Grocers' Association; and by its means the secretary's salary and other expenses are paid.

On motion of J. R. Newberry, a committee of five was appointed, to confer with A. H. Powers, editor and manager of the Retail Grocers' Advocate, on means of acquiring ownership and management of the paper, for the State Grocers' Association. The chair appointed J. R. Newberry, J. F. Paulding, H. K. Duncan, G. R. Doyle and H. Hauch, with instructions to report within an hour.

A letter was read from John A. Green, national president of the Retail Grocers' Association, expressing his regret at not being able to attend the convention. Atttention was called to the meeeting of the Pure Food Commission, held September 17, in New York.

Other communications were: A statement from William Gray, secretary of the National Executive board, stating the low condition of the treasury; also one from the Sapolio Company, and one from the Fairbanks company, in regard to the fixing of a minimum price by these manufacturers on all of their products. This system of the regulation of prices by the manufacturers is in accordance with a plan championed by the Pacific Retail Grocers' Association, which seeks uniformity of prices in the regular order of its jurisdiction.

TAKING A DARE.

A few weeks ago a hasty marriage in this city between two people who had known each other but a short time was explained by the silly pair in the statement that they had been "dared" to get married and had refused to "take the dare." A week or so later a young man was drowned near this city, and the coroner's inquest revealed the fact that, although his friends knew he could not swim, they had "dared" him to go into deep water, where he met his death.

The man, woman or child who dares another to do a dangerous or foolhardy deed in which injury or death results is morally a criminal. In the case of the marriage referred to above the silly couple who bound their lives together under such circumstances are likely to reap the reward of their folly when they know each other better. In the other cases the victims of the "dare" are beyond regret for their momentary rashness. For a dare is but folly's challenge to weakness, weakness of moral fiber, lack of courage to say no. Brave men and well-balanced women never give or take a dare; it is only fools.

It is a great pity that some punishment cannot be meted out to the person who dares another to put life or limb in jeopardy. Perhaps a law making it a crime for one person to instigate another to a hazardous deed or action would meet the case.—Philadelphia Press.

ALFRED THIMS MISSING; KNOW WHERE HE LIVES

Does anyone know where Alfred Thims is? The man is reported missing by Mrs. E. Gruenhagen of 76 East Twelfth street, at whose home Thims roomed for some time. The police have been asked to locate the young man, who is 25 years of age.

It was on August 29 that Thims was last seen by Mrs. Gruenhagen. He mysteriously disappeared, without leaving any note of explanation. The missing man has a mother in Los Angeles, who has received no word from him as to his whereabouts and his relatives and friends fear he has met with foul play.

While enjoying a tour of inspection in this city yesterday, H. E. Hutchinson of 2345 Geary street, San Francisco, met an affable stranger, who invited him to indulge in intoxicating refreshments.

The two men went into a saloon and knocked glasses, wishing each other's good health. Hutchinson reported to the police that he went out with the "glad hand" gentleman, who took his sudden departure.

The San Franciscan became suspicious and felt for his valuables. The stranger had touched him for his gold watch and about $6 in coin.

FIND NEW USE FOR WHISKY

W. C. T. U. Will Burn Patent Medicines to Show Up Fraud.

CHICAGO, Sept. 25.—The Woman's Christian Temperance Union has discovered a new use for whisky and patent medicines, against the use of which the organization has made a world-wide fight for a half century Today at the Cook county W. C. T U. convention at the First Methodist Episcopal Church, the women will demonstrate the utility of these liquors as "illuminating fluids."

Whisky of various brands and seventy "popular" patent medicines will be burned in genuine lamp fashion The demonstrating will be conducted by the medical temperance department of the union, of which Dr. Mary Wild Paulson of the Hinsdale Sanitarium, is the head.

"Why, they will burn just like an alcohol lamp," said Dr. Paulson. "We do not change the ingredients of the medicines. We just pull out the cork, insert wicks beneath 'mantle' burners and they burn brightly. This is one of the plainest experiments we know of to show the large quantity of alcohol in patent medicines."

The women figure that they have enough of the medicines and whisky on hand to illuminate the room today and this evening.

BOMB SENT TO JACOB SCHIFF

Innocent Looking Gift to New York Man Proves to be Infernal Machine.

NEW YORK, Sept. 25—Jacob Schiff, of the firm of Kuhn, Loeb & Co, was informed last night that secret service men in Philadelphia had seized a bomb in that city, wrapped in paper and addressed to him in New York.

Mr. Schiff said that he suspected no one and could not think for what reason any person would wish to take his life.

"This is the second infernal machine that has been addressed to me," he said. "I cannot understand it at all What possible reason could any one have to assassinate me? I have done no harm to any one that I know of"

A previous attempt on Mr. Schiff's life was made on August 18 of last year, when a cylinder, packed in inflammable cotton and filled with gunpowder, was sent to his New York office. A clerk, who regarded the package as suspicious, soaked it in water before opening it. No clue to the sender of the bomb was ever discovered.

A Perfect Godsend

Mrs. Bessie Spencer, completely used up, tried doctors and medicine without good results. She states that Duffy's Pure Malt Whiskey helped her from the start and restored her to the best of health in a short time.

Mrs. Spencer, filled with gratitude, writes:

I have been using Duffy's Pure Malt for four months and I am so glad as it has done me more good than all the doctors' medicines I have taken. I know that I worked very hard and was failing fast every day until I began to take this wonderful Pure Malt Whiskey, and I surely can praise it anywhere in the wide world, and am not ashamed to praise it amidst thousands of people. I know that it brought me out of hard suffering. I had to go up stairs one foot at a time, and when I got up in the morning I could not stand on my feet for some time, my limbs would tremble so under me, and when Duffy's was recommended to me I went and got it as soon as I could, and before I had taken one bottle of Duffy's Malt I could walk and go upstairs very well. This medicine was a perfect godsend to me, and I expect to praise it as long as I live, and I do hope that you may sell more of it all over the land and that it may reach many a sufferer, as it would prolong their life for many years. (Signed) MRS. BESSIE SPENCER, Easton, Talbot Co., Goldsborough St., Md. April 12, 06.

NEGROES TURN ON JAILERS

Keep Officers at Bay for Two Hours With Various Utensils.

NEW YORK, Sept 25—A dispatch to the Tribune from Knoxville says

Thirty-five negro prisoners, including eighteen murderers, two of whom are sentenced to die, rebelled against the jailer at the Knox county jail last night, refusing to go from the corridor into their cells For two hours they kept the officers at bay

Although inclosed behind bars four of the officers were cut with bottles thrown by the prisoners, and C A Reeder Jr, aged 12, son of the sheriff, was slightly cut. The jailers turned the hose on the refractory negroes, but this intensified them The negroes finally captured the hose and turned it upon the officers and then attacked the latter with bottles, plates, cups and saucers, and with broom-handles on the end of which open knives were fastened Three of the officers were hemmed in by negroes and had to draw their pistols in order to get out of danger of the bottles.

The arrival of the sheriff and posse quelled the trouble The trouble is said to have resulted from the negroes reading of the Atlanta riots

California Northwestern Railway and North Shore Railroad, San Francisco, Cal, Aug. 28, 1906.

To Agents and All Concerned: In order that the citizens of Marin, Sonoma, Napa and Mendocino counties may be protected in their lawful rights against negligent or intoxicated chauffeurs, against whom complaint has been filed, they shall not be permitted to go on boats of this company until such complaint has been duly investigated.

To this end the number of the machine and number of the chauffeur, where either or both is known, will be 'bulletined" for the information of employes of this company.

JAMES AGLER, General Manager.
Approved: A. W. FOSTER.

President Foster's action was the result of an accident that occurred last week. An automobile carrying the officials of the California Gas and Electric Company, headed by Sam Naphataly, was going down to Tiburon, with Foster's machine ahead. In attempting to pass Foster, the collision occurred.

Foster says the accident was due to the gas official's carelessness, while the latter declares that Foster blocked the road purposely when they attempted to pass

The Right Man for Sheriff.

Frank Barnet has made an ideal sheriff. From the moment of his accession to office he took personal command of what may be termed the field work of his office, himself leading and directing efforts to hunt down criminals and collect evidence to insure their conviction. He has displayed an energy, vigilance and discretion in hunting down and driving out the criminal element that proves him to be pre-eminently the right man in the right place. He has done this work with system, keeping every part of the county under close surveillance. In fact, he has himself performed the most arduous and exacting duties of his office instead of leaving them to be done by deputies, as is too often the case.

Mr. Barnet has also proved himself a money-saver in the Sheriff's office. He has enforced economy wherever possible, and has turned back into the treasury a considerable portion of the money appropriated to defray the cost of feeding prisoners. At the same time, he has managed things so well at the jail that the prisoners say they are unusually well fed. The discipline of the jail is admirable, order and cleanliness being strictly maintained.

During Mr. Barnet's incumbency no prisoners have escaped from custody, and there have been no scandals in or about the Sheriff's office. Warrants and civil processes are served with a diligence that is in admirable contrast to the dilatory methods prevailing in the offices of too many sheriffs. Barnet,, while exceedingly amiable and kind to his subordinates, will permit of no slackness or manana, hence the business of his office is dispatched with celerity and method. His force has effectively assisted the District Atorney in bringing criminals to justice.

With this record before them the voters of Alameda county cannot afford to dispense with Mr. Barnet's services at this time. A man of his calibre and energy is greatly needed in the Sheriff's office, a fact to which the public is generally alive, and in consequence Frank Barnet will be re-elected by a rousing majority.

Another good man has committed the crime of getting caught. Senator Joe Bailey of Texas has been exposed as one of the feeders at Rockefeller's trough.

The Visalia Delta charges that the Democratic nominee for County Clerk down in Tulare was born in Kansas. Really this is shameful! What will the people of Kansas say about it? What has Bleeding Kansas done to the poet lariat of the Kaweah that he should lay a Tulare Democrat at her door? Now, by the bones of Jim Lane this is sacrilege.

THE TRIBUNE congratulates Berkeley on the decision of the Southern Pacific to erect an artistic passenger station in the University city. A passenger station is something Berkeley has long needed, and it is gratifying to know that the new structure will harmonize in outward aspect with the University buildings. We hope to be able to announce at a nearly date that the Southern Pacific will erect the proposed passenger station at First and Broadway which has been so long under consideration.

On taking office as Governor-General of the Philippines, General James F. Smith announced that agitation and agitators would be suppressed, but that the suppression would be accomplished lawfully. Unfortunately the rights guaranteed citizens of the United States by the Constitution are not guaranteed in the Philippines. The Constitution has not followed the flag into the Orient, while the penal laws of the archipelago are not legislative enactments of Congress but the declaration of an appointed commission. The writ of habeas corpus is of no avail to protect persons residing in the Philippines from unjust imprisonment. So, Governor Smith may proceed lawfully, as the term is understood by the officials in the islands, to suppress agitation and agitators, and at the same time violate every principle of free speech as we understand free speech in this country. We trust Governor Smith will not, in his zeal to stifle mischievous agitation and close the mouths of mischief-making agitators, resort to expedients which would be deemed tyrannical and oppressive if applied elsewhere. The policy of suppression is a dangerous one that usually does more harm than good, and frequently degenerates into mere despotism. Governor Smith has kept a level head thus far, and it is to be hoped that larger authority will not disturb his mental equilibrium.

Unsatisfactory Telegraph Service.

There is general complaint about the unsatisfactory telegraph service the people of Oakland are getting at this time. Business men say the delays in getting messages transmitted to nearby points are exasperating, and they cannot understand the meaning of the difficulty. Messages are not delivered promptly after they arrive, and in many cases an additional charge for messenger service is exacted even when delivery is to be made only a few blocks from the telegraph office. Inquiry discloses that the fault is not with the local managers, but with the general management of the two companies in failing to provide the necessary help and facilities to promptly and properly handle the enormous increase of telegraphic business in this city. Oakland has outgrown its telegraph service, and in consequence the business community is suffering serious inconvenience, much annoyance and some loss. Mr. Jaynes, general manager of the Western Union, and Mr Storer, general manager for the Postal, should take this matter in hand at once and provide Oakland with an adequate service. The profit from the business originating here must be enormous, it is certainly large enough and lucrative enough to justify speedier transmission and prompter delivery. THE TRIBUNE has no quarrel with either company and desires none, but is actuated solely by a desire to have this community properly served. Oakland pays for a good telegraph service and should get it. We trust that Messrs Jaynes and Storer will give their early attention to improving the service which at present is the subject of so much compiaint.

Should Judge Garber decline to accept the nomination for Associate Justice of the District Court of Appeals, as is expected, the Democrats can display wisdom and good political judgment by putting the name of Judge Samuel P. Hall on their ticket. Judge Hall fulfills every requirement of a good judge. Of unimpeachable moral character, sound learning and equable temper, he is noted for his fairness and keen sense of justice. His political partisanship has never been offensive. If every judge in the State was like Samuel P. Hall, the people would scarcely know nor care what might be their political convictions, for they would be secure in the knowledge that justice would be done in the broadest sense. Judge Hall is the kind of a man that only the criminal and unjust fear; on the bench, he is the confident hope of honesty and innocence.

Odorous Comparisons in Sacramento

We commend the following to the intelligent consideration (if such a thing be possible) of our esteemed contemporaries, the Union and the Bee of Sacramento:

"Such language," said Senator Foraker, apropos of an acrimonious and rather personal debate, "reminds me of the slashing editorials of the famous Rudd of Salt Rock. Rudd of Salt Rock wielded a pen like a bludgeon. I have by heart a sample of his style, a brief character study of his rival editor. The character study runs like this: 'Did any reader ever see the editor of our esteemed contemporary? Take an eight-bushel sack about as long one way as the other. Fill it with bran. Hit both ends heavily with a club, so as to swell it out in the center. That is our friend physically. Now take a half-witted, well-fed Hottentot. Inject into him the largest possible amount of conceit. Extract from him three-fourths of his brain and all his moral principle, and beat him over the head until he has forgotten what little he knew. And there you have our friend mentally.'"

Our Sacramento friends, who seem imbued with the spirit and the ethics of Dunk Macpherson, are engaged in a desperate effort to stink each other out of the community. Their readers doubtless appreciate the niceties of a competition so suggestive of the fish market. When the controversy closes, the public will be in a frame of mind to welcome a thank God edition.

The Union Labor convention endorsed Charles F. Curry for Secretary of State. Curry is a good worker.

The partisans of Bell and Langdon are fiercely berating each other, but the voters are inclined to cry a plague on both your houses, and vote for Gillett.

Winston Churchill ran better in the magazines than he did in the New Hampshire primaries, hence he will not be Governor. Nevertheless he has had a lot of free advertising that will count when he writes another novel.

The Sacramento platform does not point with pride to the record of the Democratic party. The California Democracy is now in the position of the mule which the late Senator Nesmith of Oregon referred to as being without pride of ancestry or hope of posterity.

The stirring and enthusiastic meeting at Irvington last night is proof that the Republican voters of the interior are aroused and loyal to their ticket. The warmth of the reception given the nominees on the Republican county ticket testifies to their popularity with the masses, who care little for small politics, but are keenly appreciative of good men and good service in public office.

SOME PASSING JESTS.

"Hey, there, it is forbidden to walk on the railway tracks."

"Do not be afraid, my good man; we have come here to escape the automobiles."—Il Mondo Umoristico.

"Carlo, do you not love me any more."

"My treasure, why do you say such a foolish thing?"

"Because it is impossible for you to love a woman who has worn a dress as long as I have this one!"—Il Motto per Ridere.

A servant, not distinguished for his intelligence, went to the postoffice and was given a letter for his mistress. On arriving at the door he saw that he had lost it, so ran back and explained what had happened to the clerk. "Why," said the servant, "you have so many there you might give me another."—Il Motto per Ridere.

"The suppression of the automobile would be a great damage to trade."

"Do you sell benzine?"

Oh, no; wooden legs."—Il Mondo Umoristico.

Gentleman (meeting lady with screaming little boy)—What a bad tempered boy to cry so! What is the matter that he screams like that?"

Mother—Do not speak of it! For two hours I have been slapping him to make him stop crying, and the more I slap him the more he cries!—La Caricaturista.

OAKLAND'S NEW HOTEL.

Oakland's bankers and financiers are getting together to put up a two-million-dollar hotel in that booming town. This is something that Oakland has needed a long time, but it took an earthquake and a devastating fire in San Francisco to awaken the conservative money grubbers of Oakland to the situation. Now they see an opportunity to make twelve per cent on the investment, and they are sitting up and taking notice.—Salinas Index.

For the next six weeks the candidates will go about singing the old familiar song:

Howdy, howdy, howdy-do!
How's your wife and how are you?
It fits mine as no other can—
The hand of the honest workingman.

But there are the chill winds of December yet to come, and when they arrive the cordial season will be over. 'Tis the way of politics, however.

WHY THEY WERE PAINED.

The Steel Trust was disturoed. "Not that we care for ourselves," remarked the managers, "but it grieves us that so severe a slap should have been given to that library habit."—Philadelphia Ledger.

IMPORTANT PART.

"How is your new house getting on?"

"First rate. They've got enough of it up now for the contractors to nail their signs to."—Milwaukee Sentinel.

PRISONER, JAILER AND JANITOR IS HE

INDIANAPOLIS, Sept. 24.—The log jail at Nashville, Brown county, now has only one occupant—Emmet Turpin, of Nashville. He is the only prisoner who has been confined in the jail since last fall.

Turpin was arrested and fined for violations of the liquor laws. He had no money to pay his fine. He figured that the equivalent would be 250 days in jail, and he determined to serve it. There was no one to let him in, so he got the key and unlocked the door and went in himself.

Turpin is now prisoner, jailer and janitor. He keeps the key, and when he wishes anything he unlocks the door and goes after it. When he comes back he locks himself in again.

Turpin now thinks he should be paid for the janitor work he is doing, and he threatens to sue the county for wages. With pay for this work he figures that the fine would now be liquidated.

Over a year ago a man was confined in the big jail for sheep stealing. He, too, went out and come back at his pleasure. Saturday night he went home regularly and spent Sunday several miles down the country. He landed in the penitentiary finally for a few months, and the warden gave him $5 when he had served his time. He returned and gave it to the man from whom he had stolen the sheep.

The jail is tenantless most of the year.

HER FRUGALITY MADE HER RICH

Mrs. Lavina Lovet Makes Will at the Age of 102, Leaving Large Estate.

NEW YORK, Sept. 25.—In the Surrogates Court at White Plains yesterday the will of Mrs. Lavina Lovet, drawn after she had passed the age of 102 years, was offered for probate. Mrs. Lovet, who led a life of great frugality, left an estate valued at $100,000, consisting of mortgages and ten bank accounts. Her husband was the village blacksmith of Tarrytown.

STEEL FROM BLACK SAND

Government Making Experi- cause Hose Was Turned on Grounds.

PORTLAND, Sept. 25.—As a result of the experiments being carried on by the government at the old Lewis and Clark fair grounds in this city, Bessemer steel has been reduced from the ordinary black sands found at the mouth of the Columbia river. Whether this reduction can be carried on at a profitable basis has not yet been determined.

C. L. Clevenger, who is conducting the experiments, while not positive on the subject, believes that his experiments will pave the way toward opening a new era in the iron industry of the coast.

CLERGYMAN RIDES AT RECTOR'S EXPENSE

CHICAGO, Sept. 25.—Sensational testimony was presented today in the hearing of a suit for criminal libel brought by Mrs. Florence V. Huntington, a former missionary and church worker, against the Rev. Dowell Phillips, former rector of St. Alban's Episcopal church. Mrs. Huntington charges the minister with circulating stories derogatory to her character.

It was testified that Mrs. Huntington consumed at one sitting a quart of whisky, which had been presented to her by Rector Phillips.

Mrs. A. Bedford testified that Mrs. Huntington had lived at her house for several months. "One night she drank a quart of rye in three hours," testified Mrs Bedford. "She used to drink it by the half tumbler."

"What else did you see her do?"

"She used to lean on my husband's shoulder and coax him to go out with her for moonlight strolls."

"Did he go?"

"No; but he might have if he were younger. My husband is an old man"

The Rev John F Milbanks, another Episcopal clergyman, testified concerning a visit Mrs. Huntington made him at Waycross, Ga. He said.

"She lived at a hotel, but was in and out of the rectory all the time. She wanted to go to St. Augustine, and asked me to take her there. I consented when my wife urged me to do so."

On cross-examination Rector Milbanks admitted that Mrs. Huntington had paid the expenses of the trip.

Mrs. Huntington is an English woman, and met Rector Phillips when he went to England to witness King Edward's coronation, and was persuaded to come to Chicago and engage in mission work.

INDIAN SLAYS WIFE'S FATHER; GOES FREE

OMAHA, Sept. 25.—Joseph Boucher, a blind Sioux Indian, was released from the Lincoln penitentiary on parole today and set out alone for his home near Bonesteel, S D., to rejoin his wife.

When released today Boucher told for the first time the remarkable story behind the killing for which he was sent to prison four years ago The Indian fell in love with and married a white girl, the daughter of John Daniels, who was operating Boucher's farm for him. Later when Daniels saw that the Indian was losing his sight, he tried to persuade his daughter to desert him and, failing that, he burned Boucher's house, ran off his cattle and persecuted him in every way he could.

Accompanied by his wife, Boucher left his home and Daniels pursued him.

"He's going to shoot you," the wife cried to her husband as Daniels came up. The Indian, now totally blind, drew his revolver and shot Daniels dead. Boucher went to the Lincoln penitentiary and asked to be admitted, saying that he had killed a man. Later he was convicted of manslaughter.

PASSES LIFE ON FARM HE WAS BORN

WASHINGTON, Pa., Sept. 25—Farmer Benjamin Wertz, who lives near this place, was 91 years old last Saturday, and all of his long life has been spent on the farm where he lives today and where he was born.

Seventy-five relatives and friends thought the occasion worthy of notice, and assembled to greet the patriarch on his natal anniversary. Four generations were present at this gathering—Benjamin Wertz, his son, Henry Wertz, proprietor of a local hotel; his grandson, J. Schultz Wertz, and his great grandson, J. Schultz Wertz, Jr.

Old Mr Wertz is hearty despite his years, and the neighborhood will be disappointed, to say the least, if he does not live to be 100 years old.

MASKED MAN ATTACKS AN AGED WOMAN

WEST CHESTER, Pa., Sept. 25.—This afternoon near Westtown, Mary Purcell, 70 years old, was attacked in her home by a masked man, who broke in the door with an ax.

She was terribly cut and bruised and is in a serious condition. The police of this place found her son parading around the house with a butcher knife and covered with blood. He told the police that he heard his mother scream and, going to the house, encountered the man with an ax, who chased him upstairs, and he jumped to the ground, where he had a fight with the intruder.

The mask was found on the floor and the police and a posse of neighbors are searching the woods. It is believed that the man was cut up pretty badly by the [illegible].

FRIDAY MISHAPS PURSUE MECHANIC

CHESTER, Pa., Sept 25—Truly, Friday is an "unlucky day" for Adam H Pennington of 1321 Crosby street While operating a shearing machine in the plant of the Keystone Fibre Company this morning four fingers on Pennington's right hand were amputated by the knives.

About three years ago on a Friday afternoon Pennington lost his thumb from the same hand while at work in the mill of the Esrey Manufacturing Company

On Friday, August 11, 1905, Pennington's son, aged fourteen years, was playing near his home when he came in contact with a live wire and was shocked and fearfully burned.

About a year ago a little daughter of Pennington was playing about a bonfire, at Thirteenth and Crosby streets, when her dress caught fire and she was burned to death. This also happened on a Friday.

Hidden Treasure

The Gold is There

Lift the Rock.

Many a man and woman has yet to find the hidden flavor and value of **Postum Food Coffee** because it was served before being boiled long enough.

When Father, Mother, Sister or Brother feels the hurt of coffee and seeks to be well again and able to do things in this world, do your share Mr. and Mrs. Cook and see that the Postum is made right, and that's easy. Either put it in the pot and let it soak over night and then boil 10 or 12 minutes, or put it on fresh, a piece of butter the size of a pea in the pot to keep it from boiling over and then let it actually boil at the bubbling point for 15 minutes. Then you have Postum and not the common weak stuff too often prepared by a careless cook.

You, man, who have been poorly served, read this to your "wimmen folks" and ask for a Square Deal. If coffee congests your liver, ruins nerves and stomach and handicaps you in the race of life, quit it entirely and start on Postum.

The little stored-away elements that nature uses for the sure rebuilding of the lost gray matter in the nerve cells are in Postum.

Lift the rock and get the treasure. It's there, and "there's a reason" for

CHAMPION JEFFRIES WILL SOON DON MITS AGAIN

RETIRED CHAMPION HAS CHANGED HIS MIND

Big Jim Jeffries, retired champion of the world, has announced his return to the ring. He stands ready to box any man selected by his old manager, Billy Delaney.

Jeffries arrived at this decision yesterday. He was in the city for a few hours while on his return from Oregon to Los Angeles. He was met here by Delaney and the pair paid a visit to the hostelry of Eddie Graney on Fillmore street.

It is said that Graney contrived to leave Delaney and Jeffries alone in his office, and it was during this period that Delaney got in his deadly work. He strongly advised Jeffries to take up the fighting game again.

"Why should I," asked Jeffries; "I am as happy as a king now; have all the world's goods I need and haven't a care in the world. I can go away on a hunting trip and while I am absent the alfalfa is growing and the cattle are fattening. If I desert the farm and take up fighting, who can tell what's going to happen?"

Delaney pleaded with his old protege. He said it was a shame to have so much brawn and cleverness and fighting force lying fallow.

"You are as good as ever you were, right now, Jim, and it may be quite different a year or two from now. There's an old saying, you know, that a retired champion always gets back into the game at least once, and I want to see you take your second whirl at fighting while you are at your best."

DELANEY'S PLEADING CONVINCES JEFF.

Delaney said a whole lot more and Jeffries put on his considering cap. Finally the big ex-champion jumped to his feet and said, "All right, I'll do whatever you say."

The big fellow made just one stipulation, to wit—that the news should not be given out until after he left for Los Angeles on the five o'clock train. Long before that hour, however, the sports along Fillmore street were asking one another if they had heard the news.

"That's all there is to it for the present," said Delaney. "Jim is going to fight again. Who he will meet and how soon he will be ready are things to be thought of later. I had a good deal of influence over him in the matter, of course, and Eddie Graney's pleading went quite a way, too. Jim thinks the world of the little horseshoer who refereed the principal matches he engaged in."

What effect the contest will have on the arrangements at present being made for a match between Jack O'Brien and Sam Berger remains to be seen. Berger will arrive in the city tonight and will be able to speak for himself in case he is asked to meet Jeffries instead of O'Brien.

O'Brien is at Los Angeles. When asked last night if he would accept an offer of a match with Jeffries, he sent the following reply:

HIGHER THAN FOR A CENTURY LAST

Only three times in the last thirty years of baseball has the percentage column of the winning team in a pennant race been higher than that of the present Chicago team, and by a peculiar incident each of those was a Chicago team. The record of Chance's men, though, is better in comparison, for his team has played fully fifty more games than did the teams of those days. In the number of games won and lost, they smash all previous records by winning 109 and losing 34, the nearest to this being New York in 1904, with 106 won and 47 lost, at the end of the season.

McCREEDIE SOON TO HAVE NEW FACES

McCreedie will introduce three new faces to the fans, and that is what the patrons of baseball want to see across the bay. Kane, the new guardian of the second sack, is said to be a fast man, and reminds one of his namesake on the Siwash team. Groom is a twirler and brings along a good reputation. The other new man is Carsons, a catcher, who, so far, has performed remarkably well.

San Francisco will introduce one man who has not been seen down this way yet in the person of Welsh, a twirler. He was formerly on Russ Hall's staff and did fairly well. Tyson will be back in harness, and Brown, the ex-Tacoma pitcher, will occasionally work. Otherwise the same old gang will be on hand.

Sears, who has been performing cleverly for the Stockton league team, may be seen back in harness for Parke. At that, Walthour has shown a wonderful spurt in his hitting.

Kruger was up in the air for a long time as to where hke was to play next season. For a while he though Detroit had him, but Cincinnati offered the most money, so the fleet-footed outfielder will become a red. He will make the fifth Californian to join Herrman's team, the others being C. Hall, Essick, McLean and Wolters.

ORGANIZED YACHT CLUB IN ALAMEDA

An enthusiastic meeting of yachtsmen was held on board the ark Bugaboo, lying in San Leandro bay, Alameda, recently, at which the Aeolian Yacht Club was organized, with Herbert Hauser as temporary president and Edward F. Evans as temporary secretary. Thirty members were enrolled and the following committees appointed:

Constitution and by-laws—A. J. Roebke (chairman), E. C. Hill, W. L. Woodward, J. L. Ellis, Carl Strom. Pennant committee—H. Fish, B. Ward, L. C. Knight. Clubhouse location—George Postel (chairman), Basil Ward, Al Magers. Committee on name—Ed H. Davis, O. de Joiner, Bruno Roebke.

A special committee, consisting of A. J. Wehner, S. C. Boysen and A. Comstock (chairman) was appointed to arrange for the first cruise and jinks, including a clambake, of the club, to be held on the Bay Farm Island sandhills on September 30. Lawrence Chester Knight was unanimously elected temporary commodore.

The following boats are enrolled in the club: Yawl Emerald, sloops Idler, Ceres, Nettie, U & I, Arrow, Pappoose, and Vida, and the launches Vida and Minne.

IS ANXIOUS FOR MAKING A MATCH

Tom McCarey of Los Angeles is reported as being desirous of matching Benny Yanger and Kid Herman. It is known that Herman has desired to take on Yanger, nad the only hitch has been Yanger's demand for a large purse. McCarey, having no fight-trust troubles, is not offering purses where the fighters get everything, and Yangers will have to come down a peg if he really wants an engagement. At that, Herman may have an offer, from San Francisco, as he is considered a good card to meet the winner of the Hanlon-Hyland fight.

FRESHMEN WILL SOON PLAY RUGBY

STANFORD UNIVERSITY, Sept. 25.—The intercollegiate freshman Rugby game will be played on the Stanford field, on Saturday, October 13. This was officially announced today by Student Body Manager Sales. The Sanford gridiron is a few yards narrower, according to the rules governing Rugby, but this matter will not materially interfere with the holding of the freshman match on the Cardinal field, where it is due according to the intercollegiate agreement.

Next Saturday afternoon the freshman team will play a match game with a picked team from Santa Cruz. This will be the first appearance of a visiting team on the campus this year. Judging from their work Saturday, the freshmen will play a good game against the visitors.

SHARKEY SUFFERING FROM AN "ITCHING"

NEW YORK, Sept. 25.—Tom Sharkey may make a trip to Goldfield in the near future to look over the ground for a big hotel and cafe. Sharkey met Tim McGrath, his old-time trainer, Saturday, for the first time in seven years. "Tim put me wise to the place," said the sailor, talking of the new plan, "and from what I hear it's just the place for me. I'm going out there in a few months for a trip and if I see there's a chance to grease the mitt I'll be there. Will I fight? Say," piped Tom, chewing his cigar almost in half, "that's no kid about me and Jeff.

"If I had Tim with me and they gave me three months, I think I could keep any one of these new guys busy.

"When McGrath left me my fighting heart went, too, and I'll tell you that if I make a start in Goldfield and get going, you will hear of me in the ring not much later and me old pal Tim behind me."

"That's right, Tom," chirped McGrath, who was looking over his bank books. "I'm a mining man now and can put you right. I'm 'training' a few of the big owners out there now, and am just right for a big go."

AL KAUFMANN MATCHED AGAIN

Al Kaufmann, Billy Delaney's protege, whose career was somewhat shattered when "Philadelphia" Jack O'Brien cut him into ribbons, has been matched by Billy Roche to fight Fred Cooley at Colma Tuesday night, October 16. Cooley is the heavyweight who toured the country with O'Brien, after his two successful matches in San Francisco, and who claims to have knocked O'Brien down in a sparring match at Detroit. Cooley alleged that he was discharged for having such temerity and later challenged O'Brien. The challenge never went further than newspaper notice. As an aspirant for championship honors his contest with Kaufmann should attract considerable attention. The latter is in Philadelphia and transportation has been telegraphed to both boxers.

WILLIAM DUCHRAU RESIGNS FROM CLUB

Owing to an unusual amount of outside business which prevents him from properly attending to the affairs of the West Oakland Athletic Club, William Duchrau will no longer act as matchmaker of that institution. He will, however, remain as president of the club. Owing to this change in arrangements, the card set for September 25 has been put over to October 2, at which time Tom Simpson will act as matchmaker instead of Duchrau.

JAMES J. JEFFRIES.

McCREEDIE AND BOYS ARRIVED TODAY

Judge McCreedie and his champions arrived in Oakland this morning, and will remain in California for the next six six-game series with Cousin Parke and his Seals at Idora Park. At the present time the Beavers have a lead over their nearest competitors of 118 points and have almost a cinch on the pennant. The Seals had a most disastrous trip north, and, unless they take a wonderful brace, will will Russ Hall and his Indians crowding them out of second place. Seattle meets Mike Fisher and his bunch of losers this week, and are bound to get four out of the six. San Francisco will find the Portlands a hard proposition, and the fans will not be surprised if Seattle jumps into second place.

SCRANTON, Pa., Sept. 25.—For the first time in years a game of baseball was not played on the Pittston Brothers' grounds, in Pittston, Sunday. With the Rev. J. A. Bender, pastor of St. Peter's Lutheran Church, in Hamtown, lies the responsibility.

The Rev. Mr. Bender has opposed Sunday baseball since he assumed the pastorate of St. Peter's Church. He endeavored to settle the matter in an amicable manner last year, but was unsuccessful. This time he used the sheriff.

JACK O'BRIEN WOULD BE GLAD TO MEET JEFFRIES

Gladly. If Jim wants to come back to the ring and considers me the logical candidate for the honor of meeting him I will be glad of the opportunity. I hope, or rather had hoped, to meet Burns and clear up all question as to precedence, but, of course, nothing will stand between Jeffries and myself. All arrangements can be made later. All I want is the chance.

PHILADELPHIA JACK O'BRIEN.

"This is so sudden," said Nat Berger, when asked how he thought his brother would receive the news of Jeffries' return to the ring.

"Sam is so near home now that I will wait and let him do his own talking. It seems to me, though, that there should be other matches between the heavyweights before Jeffries is taken back into the fold. Jeffries said, when he retired, after defeating Munroe, that he would only fight again when the public admitted that there was one particular man in sight who was a fit opponent for him. Now, there are any number of heavyweights who think they have a say in the championship, and I think the Kauffmans and the Burns and the Bergers and the O'Briens should fight it out among themselves and let the survivor stand forth as a suitable adversary for Jeffries."

A local sporting man who is a close friend of both Jeffries and Delaney remarked:

"I don't know whether that plan would suit the big fellow. If he is going to fight again it is for the money that's in it, and he may not care to stand back and let the other heavies pull big houses while he waits to appear in the final heat. I thing he would prefer to meet all comers, and I'm sure that Delaney will want to put him in harness at the earliest opportunity."

The list of heavyweights at present is not an extensive one. In this country there are Jack O'Brien, Sam Berger, Al Kauffman, Tommy Burns and Jack Johnson, the colored fighter. The latter has been taken in hand by Sam Fitzpatrick, former manager and trainer of Peter Jackson; and Sam has already issued a challenge to Jeffries in behalf of Johnson.

Over in England they have Gunner Moir and Jack Palmer. Of these two Moir is thought to be far and away the better fighter. George Hackenschmidt, the big wrestler, who is known to fame as the Russian Lion, is also filled with the ambition to become the world's champion boxer and is at present learning the rudiments of the ring game in London.

Australia's lone exhibit is Bill Squires, who is said to be a second Joe Goddard and is thought to be a world beater by Antipodean sportsmen.

EWING AND BEST TO SOON ARRIVE

Cal Ewing and Gene Bert will both arrive in town tomorrow, and the fans will ask the two gentlemen what is the matter with the offer by the owners of the old park at Eighth and Harrison streets as a place to play ball next season. Other matters for the magnates to consider will be the protested games of Los Angeles against San Francisco for using a suspended player and the other against Portland for allowing an umpire to bat for them and win the game.

Tim Donahue, the regular catcher now of the Beavers, is a brother of the famous "Jiggs," and is almost as good a player. Since going to work steady for McCreedie his true worth has been shown, and he need not fear for a job next season.

Harry "Rube" vickers is under eye of a big league manager, and Russ Hall will have no trouble will have no trouble to sell his twirler. The big fellow should hold his job with a fast team, for his record on the Coast has been remarkable. He has won more than three-forths of the games won by the team, has struck out more men per game and has given less bases on balls.

No offers have as yet been made for any of the San Francisco team, although Hildebrand is being watched by a National League scout. Hitt was to go to Philadelphia, and may still go, as his arm is mending rapidly. The big south paw says that all he needed was a rest.

Hand, riding Kelly's mount, Miss Provo, was unloaded on to win the half mile. Soundly, the second choice, beat the mare out in rag time.

SAYS WOMEN STUDENTS MEDDLE IN THE AFFAIRS OF MEN

BERKELEY, SEPT. 25.—IN A POINT-BLANK EDITORIAL THE EDITOR OF THE COLLEGE DAILY DECLARES THAT, ACCORDING TO RIGHT REASON, THE WOMEN STUDENTS SHOULD BE EXCLUDED FROM MEMBERSHIP IN THE ASSOCIATED STUDENTS OF THE UNIVERSITY OF CALIFORNIA, WHICH DOES BUSINESS IN THE NAME OF THE STUDENT BODY. HE BASES HIS OBJECTIONS TO THE ADMISSION OF THE WOMEN ON THE GROUND THAT THEY HAVE AN ORGANIZATION OF THEIR OWN, THE ASSOCIATED WOMEN STUDENTS OF THE UNIVERSITY, FROM WHICH THE MEN ARE BARRED. HE ACCUSES THE WOMEN STUDENTS OF MEDDLING IN THE AFFAIRS OF THE MEN BY INSISTING ON VOTING AT THE ELECTIONS FOR OFFICERS OF THE ASSOCIATED STUDENTS, ALTHOUGH WOMEN ARE INELIGIBLE TO SERVE ON THE EXECUTIVE COMMITTEE OF THE ASSOCIATED STUDENT BODY.

The editorial follows:

The A. S. U. C. is at present composed of the men and women students of the University who pay the one dollar annual dues. By joining the A. S. U. C. the co-eds also become members of the A. W. S. without the further payment of dues. To meet the expenses of the A. W. S. the graduate manager of the A. S. U. C. hands over three-fourths of the co-ed dues, thus the women belong to two organizations by paying the dues of only one.

The A. W. S. has charge of all women student affairs while the A. S. U. C. has charge of the activities which are supported by and pertain only to the men Why should the women be included in the A. S. U. C.? Do the men meddle in co-ed affairs? Do the fellows vote for the president of the women students? Why should the co-eds vote for the president of the A. S. U. C.? It seems to us that the whole state of affairs is inconsistent. Furthermore, if the women are to continue as members of the A. S. U. C. why not give them representation on the executive committee? The point of the whole matter is that the A. S. U. C. deals with the activities of the men and we see no reason why the women students should be allowed to interfere, when they have an organization of their own which deals with their affairs alone.

The Daily Californian sincerely believes that it is voicing the sentiments of all the men students of the University in this matter.

RETURNED TO FIND WIFE DEAD

Four Years Ago a Miner Leaves for Alaska and Comes Back a Widower.

ALAMEDA, Sept 25.—Four years ago J H Rogers left his wife and two sons in this city and traveled to Alaska Before leaving he was separated from the woman he married and she was given the custody of the two boys Yesterday Rogers returned to this city to see the woman he once wedded and found that she had been killed by a street car in Oakland two months ago.

Rogers left Alaska three months ago and arrived here but yesterday. He started to go to the home where his wife lived, 876 Walnut street, and had almost reached the threshold before he was apprised of the death of the woman he had returned to see. He then met one of his sons and was acquainted with the facts of the passing of mother and wife Mrs. Rogers was injured early in August. She was about to board a car for Alameda on Broadway, at Thirteenth, when a car coming in the opposite direction struck her and knocked her to the ground. She was badly injured and removed to the Providence Hospital, where she died two days later.

BIDS OPENED FOR SEWERING

Another Special Officer Has Been Asked for in North Oakland.

BERKELEY, Sept 25—The Board of Trustees met in regular session last night in the Town Hall, all the members being present, and transacted chiefly routine business.

After the meeting had been called to order, the town attorney moved that further time be given for advertising bids for the town printing. The matter went over to the next meeting

Prof. Bunnell's representative protested against the supplemental assessment occasioned by the proposed opening of Milvia, between Bancroft and Channing He claimed that $10 per month for horse feed for the building inspector's horse while in service was appropriated

The bids for sewering Gilman street and San Pablo avenue were opened and referred to the town engineer.

Tillmann & Bendel petitioned that D R Durgin be appointed special officer. The matter was referred to the Marshal and upon his recommendation granted.

W. H. A Schnoor of North Oakland, a special officer, asked for a police alarm key to the South Berkeley box, to be used in case of emergency. The petition was laid on the table.

The resignation of N L. Hanscom as a member of the Charter Revision Committee was accepted, and Hanscom was granted a leave of absence as town auditor for two weeks

A committee from the Chamber of Commerce appeared, and Mr Renas asked on behalf of the committee that the bond proposition be presented as soon as possible

Town Attorney Johnson stated that all of the reports were in and that within eight days it could be reported.

Mr McLaughlin reported that three years ago an option was given on the wharf by Mr Haywards for $20,000, and he stated that that option will hold good but two weeks longer.

Upon motion of Trustee Hoff the town attorney was instructed to prepare a resolution of intention to call a bond election for the wharf, town hall, improvement of fire department and the police system, to be held Saturday, November 3

Upon motion of Trustee Olsen, the engineer was instructed to prepare plans for the water system and submit the same at the earliest possible moment

The petition for a street light on Regent street at the head of Ward was granted.

The following report of the street committee was then read

Your street committee recommends that concrete culverts be constructed to carry waters of School House creek across Chestnut street, Belvedere avenue, Curtis street, Cornell avenue and Stannage avenue, and that the district to be assessed be as fololws. Commencing at a point on the southerly line of Hopkins street, 100 feet west of the western line of Stannage avenue and running thence southerly parallel with said western line of Stannage avenue to a point 100 fee south of the south line of Virginia street, thence easterly parallel with the said southern line of Virginia street to a point 100 feet east of the eastern line of Chestnut street, thence northerly parallel with the eastern line of Chestnut street to a point 89 feet north of the northern line of Rose street, thence easterly parallel with the northern line of Rose street to the southern line of Hopkins street, thence westerly along the south line of Hopkins street to the point of commencement.

Respectfully submitted,

FRANCIS FERRIS,
A. SCHAD,
Street Committee.

Your committee also recommends that a deep sewer be laid in Addison street from Shattuck avenue east;

A deep sewer on the east side of Shattuck avenue from Dwight way north to Bancroft way;

That Mathews street be opened from Blake street to Dwight way and that the district to be included extend from Blake street to Dwight way.

Gentlemen:—

Realising that our streets in all parts of the town are in a very bad condition as regards the weeds choking up the gutters, where the gas and water companies have torn the same up and failed to replace them in proper manner; where contractors for buildings and sidewalks have left their debris after completing their work, and also where sewer contractors have failed to put street in proper shape after completing their work,

We recommend that our street superintendent be requested to employ as many men as he thinks necessary to clear our streets thoroughly and also to notify, at once, the different corporations to comply with the law, and begin action against said corporations and contractors should they fail to comply with the same

We also recommend that the street committee purchase the necessary implements to carry on said work in proper manner.

We further recommend that we amend our ordinance in regard to bill boards in the town of Berkeley; that on and after January 1, 1907, all bill boards in the town of Berkeley be removed, and that our license ordinance be amended to repeal said license so as to comply with the aforesaid recommendation.

We further recommend that no person, firm or corporation be allowed to place any board, sign or other advertising matter, excepting the regular small real estate sign, without first getting permission from the Board of Trustees and that said sign be removed at the will of the Board.

We also recommend that Elwood avenue be opened north from Canil bridge to Claremont avenue.

Your street committee, to which was referred the application for competing telephone franchises, begs to report that a thorough investigation shows that the merchants of Berkeley have almost unanimously signed contracts with the Home Telephone Company and about 1000 among the residence districts have done likewise. In view of this evident desire on the part of the people for another telephone system, your committee recommends that the proposed ordinance submitted by the Home Telephon Company be passed to print, subject to such notification as the Board desires to make. Respectfully submitted,

THOMAS RICKARD.
FRANCIS FERRIER.
A. SCHAD.

The motion to adopt the report made by Trustee Olsen was amended by Trustee Conner to except that part pertaining to the telephone franchise, which will be taken up later.

Attorney Stanis urged that the trustees should draw up the franchise and that all members be present, and not only give the Sunset and Home Telephone Company representatives a chance to be present, but that they also give the people an opportunity to discuss the proposition.

The motion was then made by Trustee Hoff to take up the matter at a special meeting Friday night.

The representative of the Home Telephone Company asked that the ordinance be passed to print immediately, but was voted down.

The reports of the lighting committee and Auditor Hanscom were read and adopted.

Building Inspector Ball offered the following report. "I recommend that the building ordinance be amended by adding a section to be numbered 125½, prohibiting the moving of buildings from outside of the fire limits to within the same, and prohibiting the moving of buildings in the fire limits to another place within the same without the consent of the Board of Trustees."

Justice Edgar made the following report "I beg leave to call your attention to the petition, filed with your honorable body March 10, 1905, wherein the petitioners pray that an enumeration of the inhabitants of the town of Berkeley be had, in order that the population thereof be declared and determined and to urge as an additional reason for the taking of a census, the following The town of Berkeley is now a city of the fourth class, its official population being under 15,000 inhabitants, to-wit: About 13,200 (reference being made to the census of 1900) whereas in truth and in fact, the population greatly exceeds that number, and as the salary of the Justice of the Peace is based upon population, I believe that as a matter of right that a census should be taken in order that the salary of the Justice of the Peace should be commensurate with the population and in accordance with the law"

The bills reported by the finance committee were ordered paid.

ADMITTED SHE WAS INSANE

ALAMEDA, Sept. 25—From present indications Mrs. Helmina Bruder will not be compelled to answer to a charge of discharging firearms within the city limits the charge placed against her on Sunday evening when she took radical measures to drive Mr. and Mrs Joseph Bruch from her home at 1507 Sherman street

When Mrs Bruder appeared before Justice Tappan yesterday she explained that she was temporarily insane when she discharged the revolver and that she was very penitent. In broken English she explained that she had suffered much from the tenants in the lower part of the house and that all their actions on Sunday had been past human endurance. The two members of the Bruder family are out on their own recognizance.

STREETS MUST BE CLEARED

Police of Alameda Say That Thoroughfares Shall be Free.

ALAMEDA, Sept 25—The police have commenced a crusade against blocking the streets with obstructions, and a number of contractors have lately been taken into custody. Last evening Clarence Morser, E. D. Randlett and Charles Lefland failed to remove obstructions from the streets and were all taken to prison, where they were released on bail

HELD COURT IN OPEN AIR

Justice Soon Disposes of a Case Brought to His Attention After Working Hours.

ALAMEDA, Sept. 25—Justice Tappan created a new record for the prompt disposal of a police court case in this city last night, and at the same time created a record for holding court in an unique place The street was the courtroom and the crowd gathered from the nearby saloons the witnesses and barristers

JUDGE R. B. TAPPAN.

On Saturday night Officer Welch attempted to arrest two men at the same time, with the result that one, Tony Serini, slipped away from him While walking along Park street last night at 7 20 o'clock Welch saw Serini walking along the street He rushed to the man and informed him that he was in custody for disturbing the peace At that moment Justice Tappan happened along and inquired the trouble The officer explained the case and Tappan called court with the sky for a roof

"What do you plead?" he inquired of the prisoner

"Guilty," was the response.

"Sentence is suspended," remarked Tappan, looking at his watch to find it 7 22, as he walked away, leaving Welch and the prisoner to wonder how it all happened

DECLARED TO BE NOT GUILTY

Berkeley Woman is Freed by a Jury of Seven.

BERKELEY, Sept 25—Mrs Katrina Christ, who was arrested on July 10 on a charge of selling liquor without a license, was acquitted by a jury of seven in Judge Edgar's court yesterday. The judge instructed the jury to bring in a verdict of not guilty, as he did not consider that sufficient evidence had been produced by the prosecution to prove that alcoholic liquor had been secured in Mrs Christ's hotel at 739 University avenue.

Torture by Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives reminds me of the intense suffering I endured for three months from inflammation of the Kidneys," says W. Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria, and restores the weak and nervous to robust health. 3 BOYS ADRIFT IN A ROWBOAT

Combined Lung Power of the Lads Brings Aid to Them.

ALAMEDA, Sept 25—Edwin Schroeder, the 12 year-old son of Patrolman L. W. Schroeder, with his two small companions had a bad fright on Sunday which the youngsters will not soon forget

The boys had been out rowing and one of the oars dropped overboard Before it could be reached the tide drove the boys away from it, and they screamed lustily for help when they found the tide was carrying them to the San Francisco shore

The combined lung power of the boys was sufficient to attract the attention of persons on the shore A boat was sent out and the three boys were towed to shore, a badly frightened lot.

MAY NOT BE TRIED AGAIN

The Complainant Seems Desirous of Having the Case Dropped.

BERKELEY, Sept. 25.—There is some doubt as to whether Mrs. Fanny Rosenthal will again be tried on the charge of shoplifting pending against her. Chief of Police Vollmer, who is convinced of the "countess'" guilt, favors another trial, but J. F. Hink of the dry goods firm from which Mrs. Rosenthal is alleged to have stolen a half dozen handkerchiefs would like to see the case dropped. Mrs. Rosenthal is to come before Judge Edgar Thursday to have the time of her next trial fixed and some agreement may be reached by Marshal Vollmer and the District Attorney's office before that time. The jurors in the last trial believe that a reflection has been cast upon them by the reports that undue influence was used to influence their decision. They deny that any such suspicion was ever brought to their attention by the court or the attorneys.

Police Look All Day for Thief Then Fair One Finds Out "Mistake."

BERKELEY, Sept. 25—The police have been looking all day for "a fine looking gentleman with blue eyes about five feet seven inches tall" Mrs F. S. Dalzell of 1808 Grove street declared that a gentleman of that description had stolen her purse containing about $10 while she was telephoning in a drug store in this town

After the police had been on the watch for the man described for several hours Mrs Dalzell discovered that she had left the purse in the back yard before leaving home this morning

5 MEN ROBBED IN RESTAURANT

Three Masked Highwaymen Rifle Pockets of Waitress and Patrons.

SAN FRANCISCO, Sept. 25.—Five men were stood up in a line in a restaurant at 1919 Bryant street about 9 o'clock last night and were robbed of their money and valuables by two masked highwaymen, while a third stood guard at the door. In the line were the proprietor, two of his waiters and two patrons.

The robbers entered suddenly with a sharp, brief command: "Throw up your hands." This done, they arranged the five men in one rank. One outlaw covered them while another searched their pockets and the third by the door kept a vigilant eye out for the police.

From Charles Livingston, the proprietor, was taken $80 in cash and a gold watch. Harvey Anderson, a waiter, yielded $17. From William Edgar, another waiter, was taken $2.70.

Charles Southworth, a customer, refused to allow himself to be searched and the robbers beat him over the head with a revolver and then rifled his pockets. They found nothing in them which they considered of sufficient value to take.

An unknown man for whom the police are now searching also had nothing on his person which the robbers coveted.

After pocketing their loot the trio departed hurriedly, warning their victims against making any outcry. The police are busied in the matter, but so far have no clew save a very general description of the men.

APPLY FOR A FRANCHISE

Desire a Spur Track Along the Tidal Canal in East Oakland.

Application was made last night to the City Council by the Central Pacific Railway Company for a franchise to construct a spur track along the tidal canal in East Oakland, from the eastern boundary line of the city to a terminus in the rear of the plant of the California cotton mills, located on Seventh street, between Twenty-first and Twenty-second avenues.

The applicants state that, in order to accommodate the industrial concerns which have already located in this district and those which propose to establish plants there, it will be necessary to operate freight trains along the streets mentioned in their application.

The proposed route of the spur track is from the Fruitvale avenue line of the company, which runs between Alameda and Fruitvale, a portion of the horseshoe system, along Glascock street to Shasta street, from Shasta street into King street, and thence to Livingston street, which is in the rear of he California cotton mills.

Several manufacturing concerns have established plants in this vicinity already and it is stated that many more will start at once if given assurances of receiving the necessary freight accommodations.

The council referred the application to the committee of the whole, which will consider it. Last night Councilman Aitken was anxious to have the matter taken up at once, but it went over until the meeting of the committee of the whole.

Pain from a Burn Promptly Relieved by Chamberlain's Pain Balm.

Mr. James N. Nichols, a merchant and postmaster at Vernon, Conn., makes the following statement: "A little child of Michael Strauss was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to me for something to stop the little one's pain. From the many liniments I carry in stock, I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by Osgood Brothers, Broadway, corner of Seventh, and Washington, corner Twelfth.

REAL TEST IN HAVANA

Reasonable Expectation of Peace In the Island Republic.

HAVANA, Sept. 25.—The real test as as to whether the Cuban rebels and the government here can be brought to an agreement under which the rebellion will be ended and a reasonable expectation of peace be assured, is being made today. The government has been notified of the Liberal's terms, which mainly have been approved by President Roosevelt's mediators, and the latter have appealed to President Palma and his advisers to the president of the Moderate party to lay aside their objections in a great patriotic effort to get together and thus preserve the integrity and sovereignty of the republic Such members of the government as consented to talk on the subject unqualifiedly rejected the idea of being placed in the humiliating position of yielding the point to which President Palma had repeatedly declared he would resign raither than submit. So the government's present alternatives are acceptance of the rebel terms or resignation. As all of the government officials prefer American intervention to government by the present rebels, the natural public expectation is that President Palma will resign.

General Freyre Andrade, speaker of the lower house, in conversation with a correspondent of the Associated Press today, made the following statement on behalf of the government officials

"If the Americans wish to take our government and give it to the rebels they may do so, but not with our consent We shall never consent to the holding of new elections It would not only be a great injustice, but if the rebels won, Cuba would have the worst elements in control, and if the government won, we would have another revolution on our hands."

Continuing, the general said that Vice-President Mendez Capote had gone to confer with Secretary Taft and to inform the latter that the Cuban government positively rejected the Liberals' proposition laid before President Palma by Mr. Taft and Assistant Secretary of State Bacon last night. President Palma would resign, Andrade said, if the step was suggested by the American officials, but he would never be a party to holding new elections. Furthermore, no members of the Moderate party would go to the polls if a new election is held in January, as contemplated.

WIFE MAKES MANY CHARGES

Declares That Husband Tried to Humiliate Her in Public.

"You wear a six and a half dollar corset to show your beautiful form to the boarders. You are in love with the boys" This is one of the many humiliating statements that Mrs. Adeline Kruckeberg of Alameda accuses her husband, Frank K. Kruckeberg, of making in the presence of her guests in her action for divorce filed in the superior court today.

The plaintiff states that she was married at St. Louis, February 7, 1880, and has one son, Edward, aged 25. There is no community property.

For many years past the wife declares that her husband has almost continuously inflicted grievious mental suffering upon her and has been guilty of extreme cruelty. He has refused to support her and made her support herself by taking in boarders and doing housework. For the past five years he has been in the habit of indulging in intoxicating liquors to the extent of being on a spree for weeks at a time.

On these occasions he has become so abusive to the boarders that he often drove them from the premises, thereby losing the wife a portion of her income and hurting her feelings by his drunken and abusive language.

In the presence of other inmates of the house he would call her names that are unprintable, with the effect of mortifying her.

On August, 1901, Kruckenberg returned home about 1 o'clock in the morning and entering his wife's bedroom turned on the gas without lighting it and almost caused the woman to be asphyxiated before the deadly fumes were detected by some of her boarders and she was rescued.

Mrs. Kruckeberg declares that her husband falsely accused her of trying to kill him and that he informed her friends that his wife opened the gas vents to cause his death.

During July, 1906, the wife says that he was drunk almost every night and would return home late, stamp on the floor, beat on the inner doors of the house, make a loud noise to arouse the boarders and keep them and the plaintiff from sleeping.

On the 16th day of May, 1906, on account of having no support from the defendant, Mrs. Kruckeberg was doing her the household furniture, carpets over the tubs, her face flushed, when he came in the room and falsely accused her of being drunk and assaulted her and attempted to strike her on the head with a heavy shoe and in the presence of others said to her: "Get out of here, you're drunk," and terrified her until she had to flee from the premises and he was forcibly restrained by other parties.

One of Kruckeberg's favorite pastimes, according to his wife, was to follow her about the house and annoy her at her work by imitating and mocking her.

One night in August, 1901, he threw her out of the bed, saying. "You love other men better than you do me.'

During July of this year he threatened her life and said, "If I were a murderer I would shoot you."

In July he also accused her of frequenting low dives and taking her son to places of ill repute. For the purpose of annoying her he frequently removed the food and dishes for the boarders and hid it, causing her loss and humiliation

JAMES J. JEFFRIES SAYS HE WON'T FIGHT AGAIN

Declares That He Will Not Enter the Ring Despite What All Others Have to Say.

LOS ANGELES, SEPT. 25.—JIM JEFFRIES LATE THIS AFTERNOON SAID TO THE ASSOCIATED PRESS THAT HE HAD NO INTENTION OF RE-ENTERING THE PRIZE RING AND FIGHTING FOR THE HEAVYWEIGHT CHAMPIONSHIP, THE STORIES SENT OUT FROM SAN FRANCISCO NOTWITHSTANDING. "I AM OUT OF THE FIGHTING BUSINESS," SAID JEFFRIES. "I PASSED THROUGH SAN FRANCISCO YESTERDAY ON MY WAY BACK FROM A HUNTING TRIP TO OREGON AND THE NEWSPAPER BOYS HAVE EITHER MISUNDERSTOOD OR MISQUOTED ME. NOTHING HAS HAPPENED TO INDUCE ME TO ALTER MY DETERMINATION EXPRESSED TWO YEARS AGO THAT I WOULD NOT ENTER THE RING AGAIN."

A TALE OF THE TROLLEY

By KELLY, the Ringside Poet.

It was on a moonlight summer's night,
And on "beet" two policemen slept;
They heeded not the trolley's flight,
As down its lonely way it crept,
In Alameda.

No fares were rung up on this trip,
No passengers hung by the strap,
There were no calls for transfer slip,
And no one seemed to care a rap.
In Alameda.

But when dawn came the line was stalled;
The rolling stock had rolled away;
The department stood appalled;
The chief had not a word to say,
In Alameda.

At last "Old Sleuth" in deep disguise,
Approached with slow and stealthy tread;
A look of cunning in hiseyes,
As in the search his force he led,
In Alameda.

"Aha!" he cried, "I have a clew;
I think at last I'm on the track;"
"Old Sleuth" was right, his "dope" was true,
They found the car and brought it back,
In Alameda.

WARREN EWER'S WILL IS FILED

The petition presented to the Superior Court today by Charles E. Naylor, executor, praying that the will of Warren B. Ewer, the publisher who died September 9, aged 92, be admitted to probate, brought forth the fact that the deceased became a bridegroom at the age of 86.

The document shows that the estate is valued at more than $100,000, and that the heirs are Ora S. Ewer, wife, Eliza B Ewer, daughter, Harrison Barto, Sarah H. Dewey, William H. Lawrence, Belle Kendall, Nellie E. Kendall, all of Oakland; Charles B. Ewer, nephew, Boston, Mass.; Nellie B. Eyester and the New Jerusalem Society of San Francisco.

In disposing of his estate Ewer states that "during the brief period of my last marriage I have shown my appreciation of a most dutiful and faithful wife and that I have generously provided for her, considering my circumstances, and I trust she will feel the same. I have during that time given to her outright an orange grove in Southern California of a present estimated value of about $20,000. She has also received a joint tenantcy interest with himself in a good home located at Piedmont, valued at $10,000. I have also given her a joint tenantcy interest in the house and lot adjoining our said home on the north, which shall become her separate estate upon my death, and I have also given her the household furniture, carpets and fittings, and in thus providing for her I believe that I have done and am doing my duty by her.

Ewer also gave his bride all books and personal property at Piedmont and the sum of $5000, which in addition to the property he hoped would "be ample provision for her needs."

To Mrs. Nellie B. Eyester, "my good friend," he bequeathed $3000 in addition to $2500 already given to her, together with a life interest in all of his scientific newspaper and other clippings, "all in appreciation of her many acts of friendship and kindness towards me for the past several years, as she was my assistant in much of my literary work."

Charles E. Naylor is given, as trustee, $25,000 to be received by him in trust for the uses and purposes and to be held and finally disposed of by him or his successor by investment according to his best judgment, so that it will produce a good income, which is to be paid monthly or quarterly to his daughter Eliza B. Ewer, and at her death the unexpended portion of the principal shall be delivered to his residuary legatee Alfred Ewer, a nephew, aged 62. The amount of compensation for his services as trustee he leaves to Naylor's conscience. He further directs that his trustee shall pay out of the $25,000 any further sum that his daughter may need so as to enable her to live in any reasonable manner or style that she may desire. Should Naylor die the Mercantile Trust Company of San Francisco is named as his successor.

To Harrison Barto, "my good friend and business adviser" he bequeathes $5000, "as a slight token of my appreciation but not in any sense as compensation to him for such services as he has rendered to me, they being impossible of money compensation."

The residue of the estate is given to his nephew Charles B. Ewer residing in Boston, and in the event of his death his children become the residuary legatees.

In appointing Naylor executor he advises him when in doubt to consult with Barto and to dispose of his property as soon as possible.

Attached to the will is a codicil which contains the following bequests: Sarah H. Dewey, a widow, or to her children $2000; William H. Lawrence, $2000; Miss Belle Kendall, $500; Miss Nellie E. Kendall, $500.

REINFORCING OUR MARINES

WASHINGTON, Sept. 25.—The greatest efforts are being made to reinforce the American marines now in Cuban waters and there have been almost continuous conferences for the last twenty-four hours between the Chief of the Navigation Bureau and the commandant of marines relative to the speedy transportation of this advance guard of the American forces which is to occupy the Cuban ports in the event that the pending negotiations at Havana fail

As a result of these conferences, to which Acting Secretary Newberry was a party, 1000 extra marines were ordered to be assembled at once at Atlantic Coast points preparatory to sailing for Havana. It was at first proposed that these marines should sail tomorrow, but it was found that they would be delayed about two days while the warships which are to transport them are being made ready. The men will be concentrated chiefly at Norfolk, Va., and League Island, Pa. Probably all of the marines on the Atlantic Coast stations will have to be employed to meet this draft. Those at the smaller Southern naval stations and yards will probably be transported by some of the Morgan line steamers, the Navy Department having practically completed an arrangement with the company for quick service in this emergency

BOOKKEEPER WANTED

Must be thoroughly competent and practical. Not over thirty-five years of age. Will pay good salary. Address TRIBUNE, box 968, giving experience and reference.

TO SEND HER TO ASYLUM

Mrs. Callahan Not Able to Take Proper Care of Herself.

A daughter's devotion was the feature of a pathetic scene at the receiving hospital this morning when Judge John Ellsworth transformed a cell of the insane ward into a courtroom to examine Mrs. Bridget L. Callihan of [illegible] Isabella street as to her sanity The woman, who is 60 years of age, was the chief figure in the sad picture. Lying on a homely cot, the sunlight playing its rays upon her silvery hair, Mrs Callahan wrung sympathy from the spectators because of her obvious mental incapacity

Bereft of her reason, helpless as the result of two strokes of paralysis she stared into vacancy throughout the proceedings and only spoke once when one of the examining physicians questioned her regarding her sense of feeling

Occupying seats at her bedside was the daughter, Mrs Annie Agnes Andrews, wife of the ex-police officer, Lee Andrews, and her friend, Mollie Macken In a corner of the little room grouped around a small table were Drs. Todd and Shirk, the members of the examining board and Judge Ellsworth in whose hands rested her fate. In the background were the court attaches and the newspaper men, grave and silent out of respect to the daughter's grief

Warden James Page was the first witness called. He testified that the woman was brought to the receiving hospital last evening by Mrs Andrews and that his observations of the case convinced him that the victim was incapable of taking care of herself. Although she was able to eat regularly, she was physically helpless

Mrs. Andrews then took the stand and recited a tale of toleration that, being the truth, was stranger than fiction. Her mother had been a resident of this State for forty-two years and had been married twice, being divorced from her first husband and a widow by the second. She had nine children, six of whom were living, but Annie, being the favorite, she made her home with her. Four years ago Mrs Callahan began to show symptoms of incompetency and softening of the brain.

Remembering that she had heard her mother say that her sister had gone insane in Ireland, Mrs Andrews began to watch her parent closely. In the beginning Mrs. Callahan began to act queerly, then she startled the household one evening by declaring that she saw a devil. Evidently the appearance to her vision of his satanic majesty was the cause of her restlessness at night and was the indirect result of what might have been a tragedy.

When the evidence was all in the doctors had little difficulty in deciding that the woman was dangerous and insane and accordingly Judge Ellsworth committed her to the Stockton insane asylum.

FUNNY PART OF ANATOMY

"That's a funny part of the anatomy," said Steward Borchert of the Receiving hospital this morning when he read a physician's report showing that Harry Dick, a stableman, was "kicked by a horse on the Webster street bridge." Closer inspection of the diagnosis of the accident showed that Dick had two stitches put in a cut on the forehead and that he then continued to his home at First and Jackson streets.

Nadaud is now proceeding to the sacred river by the Jerusalem route and may be trusted to take measures to render the commission effective. The water afterwards will be bottled in the United States in bonded warehouses. The first shipment, it is expected, will leave for America in a month.

FIND WOMAN'S DEAD BODY

Police Think She Was Choked to Death—Husband Has Been Arrested.

CHICAGO, Sept. 25.—The dead body of Mrs. Mary Moncur, aged 63 years, was found last night lying on a bed in her house on One Hundred and Thirty-seventh street. An examination showed that life has been extinct for some time. About the throat finger marks were found and the police think the woman was choked to death. On a small table alongside the bed were some small white tablets which will be sent to the city chemist to be analyzed. The husband, John Moncur, was placed under arrest pending further investigation. The police say Moncur is fifteen years his wife's junior. It is said that following a serious quarrel with his wife on Sunday the husband left the house and has not been seen about the place since.

MANY ARE DROWNED.

LONDON, Sept. 25.—In a dispatch from Lucknow the correspondent of the Standard says that a boat containing 200 persons capsized in midstream while crossing the river Indus at a point where it separates the northwest frontier province from the Attock district. The passengers were swept down the stream and only thirty were saved.

MANY DYING FROM FRIGHT

Bombs and Knives Are Not Necessary Now in Russia.

NEW YORK, Sept. 25.—A special dispatch to the Times from Paris states that in a letter from St. Petersburg Prof. Alexandre Ular, who is regarded in Paris as the mouthpiece of Count Witte, says that many of the highest Russian functionaries are dying from fright or are on the point of leaving the country. In these cases bombs and knives are no longer necessary.

Prof Ular says that General Skallon, Governor-General of Poland, with the drums of both his ears destroyed by the explosion of a bomb, is in a state of imbecile collapse, and probably will be succeeded by General Rennenkampf.

Admiral Dubassoff, author of the horrors at Moscow, whose leg was blown off, has received a present of 1,000,000 roubles ($500,000) from the Czar in compensation, but his repressive zeal is at an end and he has decided to spend the rest of his life in foreign watering places.

Ex-Minister of the Interior Durnovo took refuge in Paris, but was practically expelled by M. Clemenceau for trying to organize a Russian police system here. His whereabouts are now absolutely unknown.

ENGINEERS TO DO TALKING

Steps Taken to Secure Prominent Men by Engineering Association.

BERKELEY, Sept. 25.—Steps have been taken by the Civil Engineering Association of the University to secure several prominent engineers to address the members on the problems arising in practice. As the conditions in San Francisco have drawn many famous engineers to his coast, it is expected that the lectures held before the association this year will be of unusual interest. The following junior and senior students were admitted to membership at the last meeting:

Seniors—H. Burton, C Gillespie, S. O. Harper, J D. Isaacs, Jr., D Kitchen, F. S. Robertson, T. K. Sweesy, W V. Weir.

Juniors—E. L Adams, F Alma, E. C. Alvarez, I. J. Ball, De W. Browning, R. H. Butler, S. H. Beckett, J. Bush, P. F Chu, C. Creighton, G. W. Eachus, C. H. Elliott, J. W. Gilliam, L D. Graham, M. A. Grant, H M. Hall, J. K. James, W. C. Keating, F. G. Kirckhoff, A. H. Levy, H. M. Marshall, R. T McIntosh, P. E. Magerstadt, J A Mitchell, G. Meckfessel, Y. Matsui, H. J. Oser, G. F. Peekema, H. L. Powell, W. B. Pendleton, G. A. Randall, I. H. Smith, F. Stanley, F. Steers, A Teichert, A. D. Wilder, R. F. Williams and G. A. Wood. In addition F. A. Postrinkov, a graduate student who completed his course in civil engineering in a Russian university, was elected to membership.

TRIES TO KILL HIS KEEPER

African Pygmy Angered Bements at Lewis and Clark Him in Fun.

NEW YORK, Sept. 25.—Ola Benga, the African pygmy, who has been exhibited at the New York Zoological Gardens for some time past, tried to kill a keeper yesterday with a knife. He fought furiously before he was disarmed. Benga's anger was excited because the keeper, in a spirit of fun, turned a hose on him.

Benga has been exhibited on the monkey cage. He has attracted wide attention because of the protests of several negro societies against the exhibition.

TO IMPROVE LINE.

MEXICO CITY, Sept. 25—The Chamber of Deputies has appropriated $750,000 for the purpose of improving the line of the Vera Cruz railway, a government property. The government has also appropriated $255,000 to complete the breakwater at the port at Manzanillo, on the Pacific coast, toward which the Mexican Central is extending its line from Guadalajara.

POSTAL SAVINGS BANKS.

CHICAGO, Sept 25—The city council last night passed a resolution commending and indorsing the movement to establish United States postal savings banks. The resolution cites the wrecking of the Milwaukee Avenue State bank as one of the reasons why such a law should be enacted, and urges the representatives of Chicago in Congress to assist in the work of establishing these banks by their influence and votes.

GAVE UP WORK FOR THE YEAR

Josh Editor Has So Strenuously Strained Mental Anatomy That He Seeks Repose.

BERKELEY, Sept. 25.—Edwin J. Loeb, the genial josh editor of the 1908 Blue and Gold and the diminutive coxswain of the varsity crew, has given up his university work for the year. He will return to his home in Los Angeles next Thursday. Loeb will give no reason for his sudden desire to take out a year's leave of absence, but tells his fellow collegians that he will be with them again at the end of that time. Last night Editor Maurice Harrison of the Blue and Gold appointed P. W. Stafford to succeed Loeb as josh editor.

Loeb has been "news editor" on the Daily Californian and "associate" on the staff of the Pelican, the funny paper. He collaborated with R. C. Farrell last year in writing the burlesque that was staged by the sophomore class. He was recently elected to membership in the Winged Helmet honor society.

DOCUMENT WAS NOT LAST WILL

When the Supreme Court decided that a document which the widow of the late George D. Hall filed as his last will and testament was not a will, Mrs. Louis Hall immediately began an action to have the paper declared a conveyance or deed to the personal property, consisting of $13,822.72 on deposit in the San Francisco Satvings Union. The instrument was written by her husband and dated December 14, 1894. Mrs. Hall was appointed administratrix of the estate and came into possession of the money. Her brother, Henry A. Hall and her sister Helena Crocker have instituted an action against their sister-in-law, to have her set aside as administratix and the money diverted to the estate. The contestants claim that Hall acquired the money after he made the alleged will and that he did not convey it to his wife because no consideration is shown.

DENIES THE RUMORS.

TANGIER, Morocco, Sept. 25.—The American legation has issued a statement that denies the rumors that Minister Gummere, who is leading the American mission to the Sultan of Morocco at Fez, intends to attempt to create American political interests in Morocco. It confirms, however, statements that Mr. Gummere will set forth to the Sultan the difficulties of the situation caused by disturbances similar to those that recently took place at Nogador and Casa Bianca. The report makes no mystery of the fact that the United States intends to make an effort to do business in the markets of Morocco, and compete, by the establishment of a direct steamship service between the two countries in the English and German import and export trade.

PRESENTS PROGRAM.

SAN SEBASTIAN, Sept. 25.—At the last cabinet council Garcia Presto, Minister of Public Works, presented to his colleagues an elaborate program as to the best methods of developing Spain's commerce with Morocco. This program was the result of special investigation. It provides for construction of the harbors Ceuta and Melilla and three railroads, one from Melala to Marbella, a second from Ceuta to Tetuan and a third from Melilla to Penon de la Goara. There is also a plan to pay bounties on Spanish exports to Morocco.

TO BEGIN WORK.

WASHINGTON, Sept 25—Assistant Attorney-General Purdy has returned to Washington from a trip abroad and resumed his duties at the department of justice. He is in charge of the prosecutions against a number of so-called trusts, and he said that he would immediately take the reports of United States district attorneys, marshals and special agents relating to these trusts that had come to the department during his absence and examine them with a view to making a detailed statement to Attorney-General Moody on the latter's return to Washington next week.

Doctors Are Puzzled.

The remarkable recovery of Kenneth McIver of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say it saved my life." Cures the worst Coughs and Colds, Bronchitis, Tonsilitis, Weak Lungs, Hoarseness and La Grippe. THE MEN AND WOMEN

Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What Is Best More Important Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain permanently to universal acceptance. However loudly heralded, they may not hope for world-wide preeminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting, enjoying and learning the real worth of the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination the most excellent of its kind. The above is true not of food products only, but is especially applicable to medicinal agents and after nearly a quarter of a century of growth and general use the excellent remedy, Syrup of Figs, is everywhere accepted, throughout the world, as the best of family laxatives. Its quality is due not only to the excellence of the combination of the laxative and carminative principles of plants known to act most beneficially on the system and presented in the form of a pleasant and refreshing liquid, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. Ask any physician who is well informed and he will answer at once that it is an excellent laxative. If at all eminent in his profession and has made a special study of laxatives and their effects upon the system he will tell you that it is the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after-effects. Every well-informed druggist of reputable standing knows that Syrup of Figs is an excellent laxative and is glad to sell it, at the regular price of fifty cents per bottle, because it gives general satisfaction, but one should remember that in order to get the beneficial effects of Syrup of Figs it is necessary to buy the genuine, which is sold in original packages only; the name of the remedy—Syrup of Figs and also the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

Why the Central Bank is forced to enlarge

Because Oakland is growing fast and the Central Bank is growing faster.

'Way back, about fourteen years ago, the Central Bank first opened its doors in a very modest store on Broadway. It's principles were right and business grew rapidly.

Then a magnificent building was erected at Fourteenth and Broadway. The bank did not need all the street floor at first, so part was rented.

Still the Central Bank and Oakland grew together, and now the bank needs more room. So partitions are being torn down to accommodate its many patrons.

The growth of the Central Bank is not phenomenal. Any commercial or financial concern that is fortunate enough to be located in Oakland and that will not be swerved from practices that are safe, progressive and right, is assured of success.

In a few weeks—maybe a month or so—you will be welcome to the newer and more beautiful home of the Central Bank.

And in the meantime everything will go on as usual and safety deposit boxes—impregnable as Gibraltar—will be rented for $4.00 a year.

Tales of Two Cities

An interesting showing made by Oakland and San Francisco newspapers. The figures prove conclusively that Oakland now contains an immense population and that THE TRIBUNE advertisement appeals to an enormous purchasing community.

$60,000

This lot, 50x100 feet in size, on Franklin street between the sites of the St. Mark hotel and the Farmers' and Merchants' bank, can, with the investment of say $40,000 more for a good building, be made to pay about three times what interest you get in the bank. There isn't another lot like this on the market at any price. (2440)

$10,000

I feel perfectly safe in saying that this lot will sell for $15,000 in less than a year. Surely it will if you build on it and add the cost of improvements. Three-story brick going up across the street. Clay and 8th streets are both pretty fine. Twelve per cent would be easy to get on the right kind of a building here; $25,000 would handle the whole thing. (1396)

$5000

This choice Chinatown lot, with $3,000 spent in improvements will rent readily under a secured lease for $160 per month, or 24 per cent per annum. I will secure a tenant at this figure before you pay a dollar on the lot. Or you can lease it readily as it is at $65 per month. That's 16 per cent. (2407)

Sun Rises 6:00 | Sun Sets 6:04

NOTE.—In the above tabulation of tides the daily tides are given in the order of their occurrence, commencing with the early morning tide in the left-hand tide column, and the succeeding tides as they occur. On some days there are but three tides, the usual fourth tide occurring the following morning.

The column of heights gives the elevation of each tide above or below the plane of Coast Survey Chart Soundings. The numbers are always additive to the chart depths unless preceded by the minus sign or dash (—), when the numbers are subtractive from depths given on the chart.

NEW YORK PRICES.

NEW YORK, Sept. 25.—Movements of prices were very irregular in the opening dealings of stocks. Brooklyn Transit was carried down two points, Union Pacific and Southern Pacific 1 and Atchison and Louisville & Nashville 1⅛. Canadian Pacific advanced 1⅜ and Great Northern preferred a large fraction. Pullman sold at a gain of 3 and Anaconda 2 points.

Belated selling orders affected some stocks but the list generally rallied sharply after the first few minutes of business. Practically all of the losses were recovered. A successful drive was made against the list later and the market went back to near the opening figures.

The general tone was heavy in spite of advances in a few stocks. Canadian Pacific rose 3⅜, Duluth South Shore and Atlantic preferred 3, Pacific Coast 3⅛, Knickerbocker Ice 4, and Pullman 5. The selling pressure forced Union Pacific and Reading 1½ under last night and St. Paul, Atchison and Interborough Metropolitan 1. Manhattan fell 1½ and American Express 3¾.

Bonds were steady.

The provisions market was steady. The run of hogs was small and prices for the live stuff were up 5c. January pork was a shade higher at $13.35; lard was a shade higher at $7.85 and ribs were unchanged at $7½.

DES MOINES, Sept. 25—Alarmed by the report that caskets and all undertakers' supplies were bound to reach an exorbitant price within a few years, Mrs. Percy Bogardus bought and paid for a coffin for her father, Charles Bogardus, who, although 76 years old, is hale and hearty and bids fair to reach the century mark.

Mrs. Bogardus, when asked if she could cite any precedent for her action, retorted that it had never been her custom to "waste time looking for precedents." She declared the trusts were raising the price of everything and that "within five years to die will mean to bankrupt an estate."

Mr. Bogardus commended his daughter's foresight.

WOMAN HAD HER PICTURE IN TIGHTS

PITTSBURG, Sept. 25.—Justice Andrew W. McMillen, who stabbed Representative Lawrence B. Cook, is preparing papers, it is said, to enter a suit for divorce against his wife, who, he alleges, he found with Cook on Sunday. Mrs. McMillen has conferred with Edward J. Coll, the law partner of Lawrence B. Cook, and Cook may be one of her legal advisers if he recovers.

It is said Mrs. McMillen had her picture taken in tights. One of the prints reached her husband, who became suspicious of her.

Attorney Marshall today demanded that McMillen be released on bail. Marshall said he would have the case carried to the courts immediately, so as to get his client released.

Cook has issued several statements of the affair to save his political reputation. It is admitted by his friends that he will have to surrender the Republican nomination for the Assembly or be defeated

WARDEN PERMITS CONVICTS TO CHEAT

COLUMBUS, Sept. 25.—Taking advantage of a remarkable privilege granted by Warden O. E. Gould, a half dozen "bunko" and confidence men now serving time in the Ohio State prison are this week renewing their business in a small way, making State fair visitors, who call at the prison in large numbers, their victims.

They are allowed to sell souvenirs and have a lot of cheap handkerchiefs and needlework, which they represent as the product of Cassie L. Chadwick, phony rings, etc., which they sell as the handiwork of noted inmates of the condemned department.

Of course these noted prisoners never saw the stuff. Among those engaged in this continuation behind the walls of the business that brought them there are "Count" Otto Henry, notorious swindler; Charles Karleton, United States mail order forger; Cameron Bostetter, gold brick and bunkoist, and Dan McGinty, highway robber.

REPUBLICAN MEETING HELD AT IRVINGTON

Residents Crowd the Hall and Listen to the Speeches of Various Candidates.

There were not enough chairs in the town of Irvington last night to accommodate the throng of men, women and children that attended the opening meeting of the county Republican campaign at Maple Hall in Washington township. The initial gathering and speech-making was marked with much enthusiasm and the usual bonfire and brass band demonstration which added to the wrought-up spirit of the countryside farmers and residents of Irvington and Warm Springs drove in to the meeting place in all manner of conveyances, from automobile to dashboard, and the spacious hall was as filled with women as it was with men. After the meeting those assembled danced to music discoursed by the Irvington Brass Band, and the candidates met their friends and supporters among the gathered Republican enthusiasts.

The speaker of the evening was Congressman Joseph R Knowland, who, after paying a tribute to the entire county and State Republican ticket, made a brief resume of the work accomplished by the party at the national capital. All of the candidates made brief remarks, and the Berkeley quartet rendered occasional glees and songs. The seating capacity of the hall was well taxed and a large number of those present were forced to stand through the meeting because of a lack of seats.

The meeting was presided over by J. E. Wamsley, who introduced the various speakers. Though the last speaker of the evening, Hon. Knowland's remarks aroused much interest and were received with much appreciation by those present. He said in part

"A Republican speaker is at a great disadvantage at this late hour in the evening to say anything about the party or what it has accomplished, because so many good things have been done it would take too long to detail them now. I was at the opening Republican meeting at the Macdonough Theater in Oakland last Saturday night at which time I had the pleasure of listening to the opening address of the standard-bearer of the party in the State campaign. I am thoroughly convinced that Gillett is a man in whom the people of this great Western commonwealth can safely trust the affairs of state. He is competent, honest and fearless, and has always given faithful attention to his work when he and myself have been together in Washington. He is a man of force and action and one entirely qualified for the high office to which he aspires and to which his party has nominated him. Four years in the State Senate and two terms in the national House of Representatives it has been my privilege to observe him all through this time, and I must say I can unqualifiedly endorse him. If he is chosen Governor of this State you will find him a man worthy of the place.

PROUD OF THEM.

"I am proud of the caliber of the men on the county Republican ticket and am sure of their success. The fact that they are recognized as good men, worthy of their prominence, is testified to by the fact that other parties have seen fit to endorse them and place them on their tickets. They were not placed on these other tickets to weaken but rather to strengthen them, and it is a glowing testimonial to the individuals so honored."

The first speaker to address the meeting was Hon. Judge Ellsworth, who said:

"You have heard of that man who, on appearing upon the public platform, has opened his remarks with the statement that he does not know what to say. I am almost in the same position. I did not know I was to be called first to address you, and hoped to get a cue to what to say by some one else's address. However, I do want to say a word. I have been on the bench of this county for eighteen years. If the people do not know by this time that I am fit for the position they probably will never know, and if they do know that I am fit they will return me. Those who don't think I am fit, I suppose, have a reason for their opinion, but I have been unable to discover it. I only say that I would like to succeed myself and I will thank you for what you may do in my behalf on the 6th of November."

JUDGE OGDEN.

The next speaker was Hon. Judge Ogden, who said:

"It seems too bad that I have to contradict Judge Ellsworth, but I assure you that he knew he was to be called on first (laughter), and we have all caught him in a fib. He knew and I knew, but vote for him just the same He is an excellent gentleman and able jurist. But a word about the banner and standard-bearer of the party, Gillett. (Clapping) I feel convinced that if he is elected to the office you will have a Governor you will be proud of. I know there is much feeling about the Pardee situation, but it may be said that the Republican party never does things by halves. A good man was nominated four years ago who made an excellent executive, Governor Pardee This year the party has nominated another excellent man and Alameda county should show its loyalty and send a big majority vote through for Gillett.

"And a word about another As a child I used to read the classics and also think of mermaids and wish I could meet them. But I do know a Mehrmann who has asked me to tell you that there is a man on the Republican ticket as capable as himself whom he hopes his friends will support. I hope you will return me to the bench to try for the next six years, the non-residents, for the residents of this section are never in trouble."

JOHN P. COOK.

Following Judge Ogden the glee club sang

John P Cook, candidate for County Clerk, then addresses the meeting, saying, "The chairman has said he wanted to thank the central committee for opening the campaign in Irvington, but I wish to say that was done because they wanted to start us off among our friends who are particularly thick down here. The Republican party feels particularly grateful to the residents of this section for its support. Four years ago I pledged my personal attention to the duties of the office of County Clerk. I was elected to that office by you and you know what I have done I am standing now on my record and hope to succeed myself If my office record meets your approval I ask your support If it does not I will not ask it nor will I receive it I will say, to give you some idea of our registration figures, that a year ago there were 28,000 votes. This year there will be 18,000, a 100 per cent increase in four years. Alameda county is fast approaching her position as premier county of the State of California."

Others to address the meeting were M. J Kelly, candidate for County Treasurer; Charles Thomas candidate for County Assessor, George Frick, candidate for County Superintendent of Schools; James Barber, aspirant and incumbent in the office of County Tax Collector; P A. Havilin, candidate for County Surveyor; Dr. C L. Tisdale, candidate for County Coroner; George S. Pierce, candidate for County Auditor, Frank Barnet, candidate for County Sheriff; Everett J. Brown, candidate for District Attorney; George Gray, candidate for Public Administrator; Judge W. T. W. Harris, Judge W. H. Waste and E. K. Strowbridge.

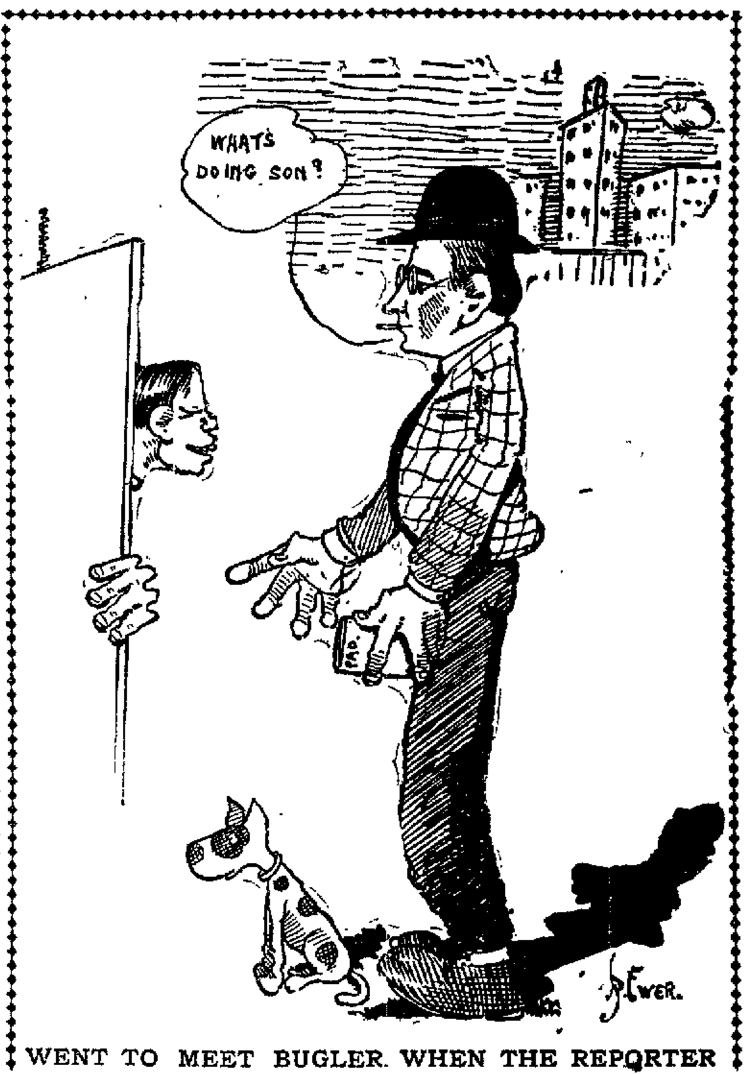
ONE CHICKEN COOP AND LONE 'BURGLAR' STIR UP JAPANESE



WHATS DOING SON?

WENT TO MEET BUGLER. WHEN THE REPORTER

Beautiful Pair of Almond Eyes, Worth Millions to Many, Shocked the Searcher.

Gadzooks! A real live burglar held at bay in a chicken coop, where he had been placed by his intended victim. A bold thief had endeavored to enter a Japanese mission, located at Sixth and Castro streets His capture had been effected by one of the little brown sons of the Orient The police had not been notified, but the newspaper had to be told of the exciting episode.

This was the report received in the editorial rooms. "Good story," quoth the man at the desk. "Send a man out on it right away. Get a picture of the burglar and the chicken coop." The reporters looked wise and wondered who would be sent out to get the facts in the story which promised so much rattling good "dope."

The lucky one went forth post haste. The distance between the office and the scene of the burglary could not be covered fast enough. The reporter, full of anticipation, redoubled his pace and arrived at his destination out of breath. But that was nothing—think of the great story he had to write.

The doorbell of the house was rung. No answer. Another impatient ring and the approach of the footsteps of some one who might uncover the details of the startling capture of a burglar in broad daylight. The exciting thought of seeing the desperate thief incarcerated in a musty chicken coop, awaiting the arrival of the police. Why didn't the person come quicker!

The door was opened and a pair of almond eyes peered inquiringly at the anxious reporter. "Have you got that burglar yet! Tell me how it all happened," and the pen-pusher entered the house.

A look of astonishment spread over the countenance of the Japanese. "I don't understand you," he averred. "Well, didn't some one in this house just catch a burglar?" and the reporter was getting more excited every minute.

"Wait a minute," and the Japanese went up stairs to consult with his confreres. He appeared at the door again in a moment with the same unknowing look. More questions from the news-chaser and but little better results. Another trip upstairs on the part of the Japanese and a second reappearance.

The reporter's spirits had drooped, but they took a jump when the Japanese returned with the look of ignorance gone.

"Follow me," beckoned the Japanese, and the reporter followed his escort with glee. Through the alleyway and into the back yard they went. He of the newspaper was again chock full of anticipation. He was about to get his story and a look at the incarcerated bad man.

The back yard was reached, but no burglar was in sight. The Japanese led the way to a small coop, where lay a crouching, snarling badger. The animal had been found meandering about the yard by the Japanese and they had captured it and placed it in a coop.

"Stung," sung out the reporter and he returned to the office with a measured gait, sorely smitten, but ready for another burglar.

The informant had minced his words over the phone and the word burglar" had been mistaken for "badger."

CONSPIRATORS ARE ARRESTED

American Legation Narrowly Escapes Being Blown Up by Revolutionists.

STOCKHOLM, Sept. 25.—The American legation, although not the direct object of the planned outrage, had a narrow escape from being blown up by the Finnish refugee revolutionists who were arrested here September 22, and was only saved by the timely arrest of the conspirators. It appears that the latter intended to rob the State Bank, occupying part of the same premises as the legation. The Finns had planned first to empty the vaults of a bank, then raze the building with dynamite, fifty pounds of which were found in their possession. The men arrested declare that the attempt will be repeated by others.

TENANTS CAUSE MUCH TROUBLE

Excessive Stay-Aways Has Caused Agitation in Berkeley.

BERKELEY, Sept. 25.—The excessive number of truants in several of the schools of this city has necessitated action on the part of the Board of Education, and the following letter has been issued to the principals and teachers:

"I desire to call your attention specifically to matters of punctuality and regularity in attendance. In three schools at least, we have had more cases of truancy reported directly to the truant officer than show on the statistical reports. Be careful in the future to record every case of truancy in your statistical report.

"Principals will, from time to time, consult teachers and ascertain what each individual teacher is doing towards developing the regularity and punctuality in attendance. Insist that teachers report to you at once the absence or tardiness of a pupil. Please see that written notice is sent to the parents at once.

"As soon as you are certain that a pupil is absent without a valid excuse, report the same to this office, that the truant officer's attention my be called to the matter Report such cases on the truant officer's blank. Be careful to answer every question. Before reporting a pupil a truant, be careful of your facts, as much injury may be done a pupil by having a false report filed against him."

The following meeting notice has also been sent out by the Superintendent of Schools:

There will be a meeting of the A Fourth grade teachers in room B, High School building, on Thursday at 2:30 p. m. Teachers will please bring with them copies of the Elementary geography and Normal bulletin, part 1.

On Tuesday, October 2, at 3:15 p. m., in the Common school assembly hall, there will be a meeting of teachers who are in the department for the first time during the past six months. This meeting is called to take the place of the meeting that was adjourned last week. These teachers who were present at the last meeting will be excused from this meeting.

NEW COOKER USED IN ARMY

General Sharp Tries Fireless Stove Which Cooks a Big Amount.

WASHINGTON, Sept. 25.—Under the direction of Commissary General Sharp of the army, experiments have been made at the practice camps this summer and fall of a fireless cooker. The cooker has been used by the army for some time in an experimental way but this fall it has been tried under severe service conditions. The results have been particularly satisfactory both to the officers of the commissary department and to the men in the field.

The cooker now in use has four compartments and weighs, empty, about 120 pounds. It will hold twenty gallons of food, enough to supply a meal to a company of infantry or a troop of cavalry.

PRACTICAL JOKE DRIVES MAN MAD

WATERVILLE, Wash., Sept. 25.—Practical jokers in the harvest field on the ranch of Jacob Andover played a dangerous prank. A harvester, known only as "Pete," a recent arrival from Germany, had been drinking heavily and was just recovering from a spree. One of the other men thought it would be funny to give Pete a little touch of high life, and proceeded in an original manner. During the forenoon he caught a harmless snake, procured an empty water jug, put the snake in it, corked it up, and the whole crowd awaited developments. Soon Pete desired to quench his thirst, and went for the jug. When he had removed the cork and had the jug within a few inches of his mouth he discovered the squirming reptile trying to escape. This was more than his overwrought nerves could stand. With a wild scream he flung the jug away and ran yelling at top speed till lost to view. He has not been seen by any one in the vicinity since, and it is feared that he is either lost or has met his death in the Columba river. It is repotrted that search is being made for traces of him by those who are responsible for the fiasco, and that evtrything possible will be done to find and bring him back.

POLICE BORROW AUTO AND WIN IN CHASE

NORRISTOWN, Pa., Sept. 25.—After an exciting chase in an automobile four foreigners were rounded up by Policemen Carrigan and Burnett. Two of the accused, Clem Monzo and Albert Hoffman, are held as suspects for the murder of James Shaw, who was stabbed to death on a Sunday night a week ago.

When the police went to the east end of the town to arrest Antonio Monzo and Salvator Monzo for attempting to stab two Polaneers, Hoffman and Clem Monzo ran away from their barber shop. After a hot pursuit the two officers pressed Manufacturer Lewis Samble's automobile into service, and gaining on the fugitives, caught them at Main and Walnut streets.

The other suspects were gathered in, and the big automobile was used as a patrol in taking the four men to the town hall, where they were held for a further hearing.

A coroner's jury found that Shaw was murdered by two Italians unknown to the jury.

CHILD THRIVES ON GOAT'S MILK

SEATTLE, Sept. 25.—Goat's milk, next to mother's milk, is the best thing for infants, C. H. Sandahl is firmly convinced, and he has a good chance to study the question. Last March a baby granddaughter came to Mr. Sandahl's home. The child weighed but two pounds at birth. The young mother lingered for seven weeks and then died.

The doctors and neighbors told Mr. and Mrs. Sandahl that there was no hope of saving the life of the infant, and in five months it gained but two pounds. It did not gain an ounce in weight all last summer, and nearly died from dropsy from being fed on prepared foods. As a last resort, Mr. Sandahl decided to try goat's milk. He bought a couple of goats from the postmaster at Orting, but before long they went dry. He got two more from Oregon, and they, too went dry after a short while. Then he got a couple from Hubbard, so that the baby got plenty of milk.

The baby now weighs nine pounds, and is beginning to grow nicely. The way the little motherless babe has thrived on goat's milk is the wonder of the neighbors and of the doctors who know about the case.

CITY COUNCIL'S ROUTINE WORK

Proposed Ordinance Introduced Increasing the Saloon Licenses.

Thurston and referred to the liquor license committee, which will take it under consideration next Thursday evening. The liquor license at the present time is $100 a quarter or $400 a year.

A communication was received from Mayor Mott saying that he had approved the following ordinances which the Council has passed:

In regard to regulating excavations under sidewalks; providing for paving of Sixteenth street between San Pablo avenue and Clay street; and providing for the purchase of a police patrol at a cost of $3500.

This work is to be done under the supervision of the Board of Public Works. Another ordinance, which provides that all dirt which is taken from excavations under sidewalks in any part of town west of Webster street shall be placed in the West Oakland Park, was passed to print.

A resolution authorizing the City Engineer to prepare plans and specifications for the paving of the termination of San Pablo avenue and Clay street was passed.

The ordinance which authorizes the Board of Public Works to appoint the twenty-five new policemen, provided for in a very short time the new men will be at work and the police force increased.

The ordinance providing that $12,000 be appropriated for the erection of a fire house on Fifty-first street near Telegraph avenue was referred to the Auditing and Finance Committee. Another measure providing for the appropriation of $3000 to purchase an engine house site in the vicinity of Thirteenth avenue and East Twenty-eighth street, was referred to Fire Chief Ball. The former ordinance was introduced by Councilman Burns and the latter by Councilman Donaldson.

The ordinance providing for the changing of grades on East Twenty-third street was given its final passage, as was the measure appropriating $17,000 for the purchase of additional park lands south of Lake Merritt and bordering First avenue.
